

INDIAN CORRUGATED CASE
MANUFACTURERS ASSOCIATION

Dear ICCMA MEMBERS & VALUE PARTNERS,

I consider it my proud privilege to invite you to the 10th Edition of ICCMA Congress 2023 which will be held this year at India Expo Mart, Greater Noida, NCR from 28th to 30th September 2023.

Last year witnessed a gradual return to normalcy post covid disruption. Indian Govt's deft handling of monetary & fiscal policies ensured that Indian economy is not impacted much by international recessionary headwinds. Digital innovation combined with an improving regulatory & legal framework has put the nation's economy on a path of 6% or so annualised growth, among the fastest of the world's large economies. Geopolitical tensions still persist & resultant impact on energy & commodity prices has still not faded.

Various reforms & growth drivers are propelling the economy to honourable Prime Minister's vision of US\$ 5 trillion in couple of years.

With this backdrop it is very important that we all act responsibly by evaluating and taking considered capital investment decisions keeping in focus demand & supply dynamics.

The chosen theme hence for ICCMA Congress 2023 is **OPTIMIZING CAPACITY UTILISATION STRATEGIES**. Eminent thought leaders from across the country shall be sharing their views and expertise on the relevant topics.

The session on the 28th Sep. 2023 will start post lunch, as the first half of the day is kept for the members & participants to visit the INDIACORR EXPO 2023.

NETWORKING DINNER :

This year also there will be Networking dinner - on 28th September 2023 hosted by ICCMA (only for all Registered Delegates & Invitees).
