# MESSAGES

## MESSAGE

## Message

On behalf of Reed Exhibitions India, I welcome you to the 7th edition of IndiaCorr and India Folding Carton Expo.

I am proud to share that the show is growing constantly and has established itself as industry's single largest platform offering end-to-end solutions for corrugated packaging in India. In its 7th edition, more than 250 exhibiting companies will display machines from India and abroad.

The event has seen a huge increase in its first time exhibitors, this year over 85 companies from India and abroad are participating for the first time and over 90 International participants at the event, which clearly states that the event has established itself as an unmatched platform for the Industry.

India Folding Carton has grown further and has been recognised as an eminent part of the paper packaging and converting business and this year the show has a good representation from all segments of the Industry.

ICCMA has been one of the strong pillars for the event; the efforts and support put in by them in bringing together excellent conferences and addressing real industry issues make this show a huge success. The theme for this year is 'Navigating Headwinds'

We thank all the partners, associations and media for their continued support! We wish all our exhibitors and visitors a highly successful event!

Anuj Mathur  
COO  
Reed Exhibitions India

## MESSAGE

## Message

The Corrugated Packaging Industry in India is facing intense competitive pressures, commoditization & stringent compliance audit procedures, as demanded by leading brand owners. Due to the disruption occurring in almost every segment, be it services or manufacturing sector, the Packaging Industry is undergoing massive and rapid cultural change.

To overcome the current macro challenges, it is essential for us to be fully geared up to navigate headwinds, in an appropriate manner to enable sustainable business growth.

The theme hence for ICCMA Congress 2019 is NAVIGATING HEADWINDS - 4Cs — Commoditization, Co-Existence, Compliances & Culture. Eminent Speakers/Panel Members from across the country shall be sharing their views and expertise on the relevant topics.

India CorrExpo 2019 is concurrently being organized by Reed Manch Exhibitions (Organisers of Sino Corrugated in China) from 5-7th September 2019 at the same venue.

We wish REED Manch Exhibitions who are organizing India CorrExpo 2019 a great success.

We look forward to meeting you at ICCMA Congress 2019.

With Regards  
Kirit Modi  
President  
Indian Corrugated Case Manufacturers Association [ICCMA]

## MESSAGE

## Message

It is a matter of pleasure that Reed Manch Exhibitions Pvt. Ltd. are working for the growth and development of the industry. I consider an exhibition to be the best source of knowledge and by way of organizing SinoCorrugated - IndiaCorr Expo, Reed Manch is giving an inordinate service for our industry. I am glad that the show is being organized at India Expo Centre, Greater Noida – one of the best exhibition centre in India. This show has already created its niche and is known as the prime event for the 'people-in-print'.

It is evident that the SinoCorrugated – IndiaCorr Expo is India's largest and most comprehensive show on corrugated case manufacturers industry. It is a unique and fully segmented programme which will showcase equipment's, machineries and latest solutions from national and international participants. I would like to persuade the industry friends to visit this most important show in largest possible numbers to abreast yourself about the things to come and to witness the latest machinery and equipment relating to corrugation and packaging industry.

Print is alive and this exhibition is a testimony, I would like to congratulate the organizers, for conducting the most successful shows. The SinoCorrugated - IndiaCorr Expo 2019 going to held from 5 to 7 September, 2019 at India Expo Centre, Greater Noida, Delhi-NCR is a real world class exhibition second to none.

Parveen Aggarwal  
President  
Offset Printers Association

## MESSAGE

## Message

On behalf of Delhi Printers' Association it is my privilege to congratulate Reed Manch Exhibitions for organising Sino Corrugated, India Corr Expo, Sino Folding Carton and India Folding Carton 2019 at India Expo Mart, Greater Noida from September 5-7, 2019.

I am glad to know that over 250 exhibitors from India and 15-plus other countries will showcase innumerable number of brands. Besides focusing on Indian carton and box making industry, the expo will be a meeting platform for manufacturers and dealers of Pre-Press, Press and Post-Press machinery. Claimed as India's gateway to Corrugated Packaging and Folding Carton Industry the shows will concurrently have a Conference, as organised by ICCMA Congress, that will feature panel discussions, sessions, case studies and question-answer rounds.

I wish the events a grand success.

Mahinder Budhiraja  
President  
Delhi Printers' Association

MESSAGE

## Message

On behalf of Noida Offset Printers Association & its members, I take this opportunity to congratulate Reed Manch Exhibitions for organising Sino Folding Carton & India Folding Carton 2019, at the India Expo Mart, Greater Noida from September 5-7, 2019.

An event witnessing over 250 exhibitors from India & World over representing Carton, Box making, Printing & Allied industry will be under one roof meeting, conferencing & doing multi crores of business. May the organizers flourish in their endeavours.

Our best wishes with the organisers.

Tarun Aneja  
President

## EXHIBITOR PROFILE

**AGSP Impax Corp. / GMS Internationals****Booth No:** F6

**Company Profile:** AGSP Impax Corp. / GMS Internationals is a world class company specializing in solutions to meet client requirement. We manufacture machines to make corrugated boxes we also manufacture and supply top grade parts to our clients. We have presence in India too. We have gained an excellent reputation from our worldwide customers attributed to our strict quality control in component selection and performance inspection. The performance of our company exceeds the advance world standard.

**Product Profile:** Automatic Stitching Machine: this machine is composed of vacuum feeding department and folding stitching department. Automatic feeding, folding, stitching, counting and stacking makes it energy and cost effective. Size of max. stitching board open size is 2500 mm Compact 2 Color Printer Slotter: This machine is with Lead edge feeding unit, 2 nos. printing unit, slotting unit , can accomplish the process of the corrugate paperboard printing and slotting. Compact size of machine is 900 x 2000 mm

**Address:** Sai Kailash Plot No. 447, Lane No. 1, Mahatma Co-op HSG Society, Next to Sahajanand Society, Kothrud Pune Maharashtra 411038 India

## EXHIBITOR PROFILE

## Arden Asia Pacific Software Private Limited

**Booth No:** B28B

**Company Profile:** The software company with a passion for packaging. Arden Software is a leading software company specialising in CAD and CAM software for the packaging industry. Founded in 1988, we are an international leader in the development of structural design and workflow management systems, and our Impact software is used all over the world. For more than 30 years, we have supplied design and manufacturing applications to the worldwide packaging sector. Drawing upon our 50-year background in die-making, we have created software that works perfectly for those who work in the industry.

**Product Profile:** Leading solution preferred by leading companies globally. ImpactCAD is Ideal for Packaging Designers and Diemakers. Fully interactive drawing tools that accurately reflect the end product. Whether starting from scratch or importing existing work, results can be achieved with speed and guaranteed for accuracy. It's even possible to get instant feedback on rule length, area, and weight and waste calculations to make sure you stay on track. One can create a 3D prototype with in built advance 3D toolset, prepare the nested layout with inbuilt layout tool plus many more such features to increase productivity with accuracy.

## EXHIBITOR PROFILE

## B.R.D Manufacturing Company

**Booth No:** B8

**Company Profile:** We are manufacturers, Exporters & Importers of Paper Corrugated Board & Box Machinery. We have done Successful Installations Of 5 Ply Automatic Corrugated Board Production Line in India & Abroad with Speed from 80 mtrs/Min to 200 mtrs/min. We offer Customized Design Machine Solution, According to Budget, Space & Production need of Small Medium & Large Scale Corrugated Board & Box Making Plants.

**Product Profile:** Fingerless Single Face Paper Corrugated Machine, 5 ply Automatic Board Plant, Printer Slotter Machine, Automatic Folder Gluer Machine, Stitching Machine.

**Address:** 1, Raja Gopi Mohan Street, ( Near Manicktola Market) Kolkata West Bengal 700006 India

**Phone:** +91-33-23500251

**Email:** brdmukesh@gmail.com, brdcal@rediffmail.com | **Website:** www.brdmanufacturing.com

## Balajee Machine Tools

**Booth No:** F22

**Company Profile:** Our company manufacture machines to cater the needs of corrugation industry. The semi-automatic range is fabricated in compliance with international quality and standards with high precision engineered machines. Our product range includes NC Cutter, Corrugated/paper Roll to Sheet cutting machines, Rotary Creaser Slotter Machine (RS-4), Printer Slotter and many more.

**Product Profile:** We specialize in Servo controlled corrugated paper cutting machines. Our Rotary Creaser Slotter Machine (RS-4) and Printer Slotter are competitive to that of China's.

**Address:** 652, MIE, Part-A, Bahadurgarh, Haryana Bahadurgarh, Haryana 124507 India

**Phone:** +91-9811132319

## Cangzhou Ruijie Carton Machinery Limited

**Booth No:** F28

**Company Profile:** Cangzhou Ruijie Carton Machinery Co.,Ltd is a direct factory who is professional in the die cutting machines combined with researching, developing, manufacturing and selling. By insiting to the long-term goals of“taking technology as the precursor, product quality as the core”, we also equip the modern processing working equipment with the advanced die cutting technologies,which brings much more economic profit to our customers.

**Product Profile:** AUTOMATIC DIECUTTING AND CREASING MACHINE

**Address:** Xinxing Industry , Dongguang Town ,Cangzhou ,Hebei,China Cangzhou Hebei China

**Phone:** +86-317-7669648

**Email:** zxjhdu@163.com | **Website:** www.hbrjix.com

## EXHIBITOR PROFILE

## Cangzhou Tiansheng Imp&Exp Trade Co.,Limited

**Booth No:** A25A

**Company Profile:** Cangzhou Tiansheng Imp&Exp Trade Co.,Ltd is specialized in manufacturing and exporting of corrugated board production line, box converter and finishing machinery, pulping equipment, paper machinery and paper converting machinery. With our rich experience for over a decade and with our professional engineers and sales team, we focus on providing complete solutions for the paper making, corrugated board, box making, industry board making and paper tube making industries.

**Product Profile:** Corrugated carton box and paper tube making machineries as well as other related machineris and spare parts

**Address:** Dongguang County,Hebei Province,China

**Phone:** +86-317-7815005

**Email:** rubyzhou@vip.163.com | **Website:** www.en-tspacking.com

## Cangzhou Tongbao Carton Machinery Co.,Limited

**Booth No:** A25B

**Company Profile:** Cangzhou Tongbao Carton Machinery Co., Ltd. is a professional manufacturer specializing in the development and production of carton machinery in North China. Over the past decade, the company has been insisting on scientific and educational innovation, constantly introducing, digesting and absorbing advanced science and technology at home and abroad, accumulated rich experience in the design and development of carton machinery and large-scale manufacturing, and established a scientific management system and perfect testing means.

**Product Profile:** Waterborne Paperboard Printer, Computer Fully Automatic High-speed Corrugated Paperboard Production Line

**Address:** No.343,Guanzhou Road, Dongguang Country cangzhou hebei China

**Phone:** +86-317-7723885

**Email:** Abc13903172136@163.com | **Website:** www.cztbjx.com

## EXHIBITOR PROFILE

## Cangzhou Xintian Packing Machinery Co., Limited

**Booth No:** A47

**Company Profile:** CangZhou XinTian Packing Machinery Co.,Ltd since founded in 1982,as the first factory in the north of china to produce flexo printer slotter die-cutter machine,XinTian has become quickly one of the north of china leaders in the manufacture of corrugated carton box machines. Outstanding characteristic of the XinTian is the versatility,which makes possible to produce and export high quality carto box machines.Including corrugated production line,flex carton marking machine, folder gluer machine, stitcher machine and so on. We export carton box machines to more than 20 countries ,all over the world have a good market

**Product Profile:** Flexo Printer Slotter Die-Cutter Machine, Corrugated Production Line, Flexo Rotary Die-Cutter Machine,Case Marking Machine,Automatic Folder Gluer Machine,Automatic Stitcher Machine,Single Facer,Mill Roll Stand,Thin Blade Scorer Machine.

**Address:** 13-16 Yonghui Building Dongxing Road Dongguang Town Cangzhou Hebei 061600 China

**Phone:** +86-317-5530808

**Email:** xintianhellen@vip.sina.com | **Website:** www.carton-machinery.com

## Cangzhou YuFengxiang Machinery Manufacturing Co.,Limited

**Booth No:** A4B

**Company Profile:** Cangzhou YuFengxiang Machinery Manufacturing Co., Ltd. ("Y.F.X" for short)was established in 1999, which is a professional factory for corrugated packaging industries. With 20 years of development, our factory in strict accordance with "5S" factory on-site management, and machines pass CE certification. We have sold our machines to most of China market,more than 20 foreign countries, and have 22 after-sales office. Innovation, Quality, Service? is our company faith. Y.F.X will create more and more value for customers.

**Product Profile:** Flexo Folder Gluer Inline, High-speed flexo printer slotter and die-cutter, Economic flexo printer slotter and die-cutter, Fully-automatic folder gluer, Semi-automatic folder gluer, Fully automatic stitching machine, Flute laminator, Corrugated production line.

**Address:** East Developping Zone,Dongguang County Cangzhou City Hebei Province China

**Email:** simon@hb-fx.com | **Website:** www.hb-fx.com

## EXHIBITOR PROFILE

## Cangzhou Zhenxing Packaging Machinery Co., Limited

**Booth No:** B12B

**Company Profile:** Founded in 1990, Cangzhou Zhenxing Packaging Machinery Co., Ltd. Is a professional enterprise with a large scale to produce carton machinery. We has 133 staff and workers, in which, there are 15 engineering and technical staff with senior post. It has 58 sets of big sized machining equipment. Our company has the products developing and designing capacity and the perfect quality guaranteeing system. With perfect technology, complete machines, high specialization degree, rich manufacturing experience, strong technical force, advanced overhauling measures and integrated managing system. Part of the printing machines made by our company are exported to Middle East, South America, Europe and Southeast Asia.

**Product Profile:** 200 pcs/min high speed printing and slotting and die cutting machine 400 pcs/min High speed printing and slotting and die cutting machine high definition vacuum transfer flexo printing and vanish(UV) coating machine high speed case maker

**Address:** Cangzhou City, Hebei Province, China Cangzhou Hebei 61600 China

**Phone:** +86-317 7722510

**Email:** czzxjx@163.com | **Website:** www.hbxjx.com

## CGSASP Private Limited

**Booth No:** B26

**Company Profile:** CGSASP Pvt. Ltd. are the market leaders in the domain of machinery and consumables for Graphic Art Industry. CGSASP is mostly into European and American products that are mostly high-end machinery and high-end consumables. CGSASP aspires to pioneer innovation in the Graphic Arts Industry by deploying cutting-edge world class technology across India.

**Product Profile:** Polycart Anvil Covers, No Crush wheels, Feeder Wheels, Creasing Wheels, CITO Creasing Matrix, CITO Rubbers, Rotary Rubbers, Esterlamm Doctor Blades, Lead Edge Flexo Products, Pre Stitched Plate Carriers, Mylar, CBAK (Cushion Mounting), J Strips, Flat Bead, Trail Edge, Anilox Rollers, Ink Dispensing Systems (Water Based), Chamber Doctor Blade Systems, Waste Evacuation Systems, Bailing Press, Dust Filtration System

**Address:** B-6, Samrat Bhawan, Ranjit Nagar, Commercial Complex New Delhi Delhi 110008 India

**Phone:** +91-11-25708807

**Email:** arungandhi@cgsasp.com | **Website:** http://www.cgsasp.com/

## EXHIBITOR PROFILE

## Charu Beltings

**Booth No:** D12C

**Company Profile:** CHARU BELTINGS incorporated in 1993 and with passage of almost two decades since its inception, gradually became one of the leading House of Imported Belts. From the day of inception, we have been single mindedly driven by the vision of achieving highest level of customer satisfaction by providing quality products and thereby, emerging as a strong Player by setting high standards in quality, prompt delivery schedules and after sales service.

**Product Profile:** We have an array of products to offer- Conveyor belts, Timing belts, Industrial V-belts, Modular belts, Slat band chains, V & Round PU belts, Rollers, High Temperature Belts, Endless flat drive belts etc.

**Address:** 103, Budh Vihar Colony, Behind Indian Oil Petrol Pump, Surajkund Road, Meerut (U.P)

**Phone:** +91 9837338796, 9837147882, 7417066874

**Email:** charu.beltings@yahoo.com | **Website:** www.charubeltings.com

## China Dongguang Baoshun Packagign Machinery Co., Limited

**Booth No:** E12A

**Company Profile:** Our factory specializes in manufacturing corrugated carton packing machinery and equipment manufacturers, with 22 years of experience, redevelopment, development, production, after-sales and other aspects have always been in the leading position. Our company has advanced equipment. Focus on product quality - flow, high efficiency, economic and practical characteristics. To the quality of survival, technology and development, the scale of the enterprise continues to grow, product quality continues to improve, and pay attention to the reputation of the enterprise spirit.

**Product Profile:** Our factory mainly produces laminatormachine, glue box machine, nail box machine, film laminator machine and other corrugated carton packaging equipment, product quality is superior, and in the field of corrugated carton packaging equipment has a leading position

**Address:** East Development Zone of Dongguang County. Cangzhou City. HEBEI. China Dongguang 61600 China

**Phone:** +86 17303179290

**Email:** ceo@hbbaoshun.com | **Website:** www.hbbaoshun.com

## EXHIBITOR PROFILE

## COMAUTO International Co.,Limited

**Booth No:** D37A

**Company Profile:** COMAUTO,a company established in 1981,is specialized and skilled in electronics,computer and machinery.With more than 30 years in corrugator machinery and computer control system,we have built up much valuable experience to introduce many innovative technologies and products to corrugator industry.

**Product Profile:** Automatic Board Handling System:ABHS is a fully automatic transportation and storage-managemnet system for corrugate boards which store before converting machine.This system is designed for corrugator and box factory. Automatic Up stacker-Zigzag Bundle Function: 6 stage servo control conveyor belt. Multi belt conveyor, servo motor control, accurate counting, can realize automatic batch change and order change. Using AC servo motor to control, can quickly up or down, locate accurately. The corss platform use crawler belt design,paper out smooth and do not hurt the bottom paper.

**Address:** No.225-2,Sec 5, Roosevelt RD, Wenshan China

**Phone:** +86 13929233163

**Email:** howerlin@gmail.com | **Website:** www.gd-comauto.com

## Corrface Media (Shanghai) Co., Limited

**Booth No:** E43

**Company Profile:** Corrface is the online platform specialized in Corrugated Industry. We do promoting for the qualified manufactures. Here you can find all kinds of reference videos of different mahines in corrugated industry. On the platform, you can find the parts direct manufactures. Also you can see various good solutions ,news and events in corrugated industry. We also provide professional training program specialized in corrugated industry. Our version is everything professional in corrugated industry.

**Product Profile:** Corrface is the online platform specialized in Corrugated Industry. Here you can find all kinds of reference videos of different mahines in corrugated industry. ## Fosber Group

**Booth No:** D31

**Company Profile:** Fosber is a leading global supplier for the design, construction and installation of complete lines and individual machine units for the production of corrugated board packaging. Our renowned focus on continuous evolution and innovation, coupled with our constant investment in R&D are the keys of the company's success. Fosber is now focussing its attention on software systems that will help ensure maximum uptime and minimum disruption to daily routines and enhanced quality

**Product Profile:** Fosber's corrugator lines have been specifically designed to guarantee maximum flexibility of the production process in terms of performance level as well as the quality of the finished product. Thanks to its innovative modular design, the standard Fosber corrugator can be easily configured in various performance levels: - The flagship S/Line is available in 420 mpm or 370 mpm version. - The innovative C/Line is available in 300 mpm or 250 mpm version.

**Address:** Via Provinciale per Camaiole, 27-28 55064 Monsagrati (LU) Italy

**Phone:** +39-05833891

**Email:** [ngiusti@fosber.it](mailto:ngiusti@fosber.it) | **Website:** <https://www.fosbergroup.com>

## EXHIBITOR PROFILE

## Foshan Fuli Packaging Machinery Co. Limited

**Booth No:** A50B

**Company Profile:** Foshan Full Packaging Machinery Co., Ltd is located at Foshan National High-tech Industrial Zone. With a factory scale of 53,000? and full set up of manufacturing facilities, including 4 sets of worldwide advanced CNC center, R&D department, systematic quality control system, professional sales team and quick response after-sales service team. In the last 20 years, Fuli offers corrugated cardboard production line, with beyond customer expectation design and the best performance price ratio. With more confidence, improvement and strength, Fuli never stop the efforts to pursuit more WIN-WIN cooperation with customers in the next 20 years.

**Product Profile:** 3/5/7/9 Layer High Speed Corrugated Paper Board Production Line 2 Layer single Face Production Line Auto Splicer Auto Web Guide, Tension Control, Dancer Roll, Slitter Guide Corrugating Roll Double Facer Belt High Speed Dry End Soutlions Automatic Paper Reel Guided System Complete Corrugated Line Temperature Control System Complete Corrugated Line Alignment and Tension Control System Auto Press

**Address:** Xianliao Development Zone, Lepint Town, Sanshui District Foshan Guangdong 528137 China

**Phone:** +86-75787336520

**Email:** FULI@FULI.CC | **Website:** WWW.FULIMACHINERY.COM

## Foshan Taiyang Automatic Machinery Co., Limited

**Booth No:** C33

**Company Profile:** Foshan TaiYang Automatic Machinery Co., Ltd. Its operations in 2009, our company is located in Foshan, China's high-end packaging equipment production base. We're focused on providing material conveyor system for carton factories, including Cardboard Conveyor System, Scrap Conveyor System, Paper Roll Conveyor System and special supporting equipment. We also provide process planning solutions for carton factories. To help customers achieve high-speed material turnover, improve production capacity and reduce consumption.

**Product Profile:** Cardboard Conveyor System: We provide two type of conveyor: Modular and Roller. The main equipments include: Power Conveyor, Automatic Power Cart, Turning Cart, Shuttle Truck, Shifting Conveyor, Trolley, Gravity roller conveyor, Automatic Cardboard Feeder. Scrap Conveyor System: Belt Conveyor, Metal Chain Conveyor, Full-automatic Baler, Trim Blower, Muffler. Paper Roll Conveyor System: Including feeder system, releaser system and weighing system. Main equipments: Chain-plate Conveyor, Electric Turntable, Paper Kicker, Distributor, Loading Paper Platform, Brake, Center holder.

**Address:** NO.2-3, Dongyang Second Road, Jinsha Xin'an Development Zones, Nanhai District, Foshan City, Guangdong Province, China

**Phone:** +86-13925931352

**Email:** taiyangcn@aliyun.com | **Website:** -

## EXHIBITOR PROFILE

## Fuma Machinery Limited

**Booth No:** B6

**Company Profile:** Sincerity is something which allows a company to attain great pinnacles of success. At Fuma Machinery Limited, every member of this business sincerely works towards exceeding the expectations of each patron. Winning a great deal of trust over the years, our firm has attained a phenomenal degree of success in the corrugated packaging machinery business. A certified Manufacturer and Supplier in nature, our institution is creating a revolutionary array of goods for numerous industries.

**Product Profile:** Corrugated Cardboard Making Machines, Corrugated Machinery, Corrugated Splicer, Web Alignment System, Air Bag System, Steam System, NSD Range, Intelligent Thermal Control System, Marsadi Tray Stacking Machine, NewKuani Conveyor Belt System and TJ Products, we have a wide array of good to offer.

**Address:** Shanghai, China and Delhi, India

**Phone:** +91-11 49148999

**Email:** gunjeet@fumamachine.com | **Website:** www.fumamachinery.com

## Garg Chemical Industries

**Booth No:** D37B

**Company Profile:** Garg Chemical Industries is manufacturer & Exporter of Dex Gum Powder and Sodium Silicate since 1965, with an annual capacity of producing 7000 MT of Dex gum powder and 9000 MT sodium silicate. Our modern plant, with inhouse fully equipped lab, well-experienced workforce, strict quality control, and customized services, has brought to us recognition. We have been continuously finding our name among the approved suppliers to many world leaders. It would be our pleasure to serve your requirements in Dex Gum powder. We are best known in the industry for meeting the customized needs in Dex Gum powder.

**Product Profile:** There Are Different Grades Of Adhesives With Different Water Mixing Ratios As Per Customer Requirement And Implication:- 1. Corrugation Gum Powder (Food Grade) 2. Pasting Gum Powder (Food Grade) 3. Flute Laminator Gum Powder 4. Paper Tube Gum Powder 5. Paper Core /Angle Board Gum Powder 6. White Dextrine 7. Yellow Dextrine 8. Sodium Silicate Our Major Foreign Market Are Middle East, South Asia, Africa & Europe

**Address:** Hoshiarpur Road, Santokhpura, Jalandhar Opp. Shubham Palace, Jalandhar, Punjab 144004 India

**Phone:** +91-181-5011022

## EXHIBITOR PROFILE

## Grafik Machinery

**Booth No:** C4

**Company Profile:** Grafik Machinery International is a renowned technical wizardly brand operating in the Printing Industry since the year 1989. Owing to our dedication to serve the clients with only innovative, novel and unique solutions, we are offering a wide spectrum of UV Coating and Curing System and Carton Folder Gluers. In order to fulfil the expectations of our clients as per their exact requirements, We have been in delivering quality solutions at reasonable rates.

**Product Profile:** Carton Pasting machines - for boxes from 50 cm to 85 cm, Side Pasting / Pre folding and Lock Bottom Machines for Mono Cartons and E flue Corrugated Cartons, LED UV Systems for Sheet Fed Offset, Inline Coating System for Sheet fed Offset Machines - for Full and Spot Application of Aqueous Coating, UV Coating and Drip Off Coating, Roller Coater - for Offline application of Full Coating of UV and Aqueous Varnishes U.V Curing Systems - On Conveyor with Single UV Lamp / Twin UV Lamp, IR Drier and Auto Sheet Stacker, Window Patching & Liner Carton Machines

**Address:** F-289, Flatted Factory Complex, Okhla Phase III New Delhi 110020 India

**Phone:** +91-11-41802031, 9811088668, 9811779251

## Guangdong Dongfang Precision Science & Technology Co.,Limited

**Booth No:** D31B

**Company Profile:** Guangdong Dongfang Precision Science & Technology Co., Ltd. was established in 1996, headquartered in Foshan City, Guangdong Province, with more than 1,500 employees around the world. After going public in Shenzhen Stock Exchange in August, 2011 (stock code 002611), Dongfang Precision has realized its industrial transformation & upgrade and global strategic layout. It has now grown into an international brand that truly has an influence around the world. Dongfang Precision Group will carry on with the development vision of "intelligent manufacturing" and devote itself to building up a high-end equipment supplier with a dual business mode of "intelligent packaging equipment" and "high-end core components".

**Product Profile:** Corrugated Line, Flexo Printer, Digital Printer, Peripheral Equipment

**Address:** No.2 Qiangshi Road, Shishan, Nanhai Dist, Foshan City, Guangdong Province, China 528225

**Phone:** +86-757-86692362

**Email:** df-india@vmtdf.com | **Website:** www.vmtdf.com

## EXHIBITOR PROFILE

## GuangDong PinLong Packaging Machinery Co.,Limited

**Booth No:** D28

**Company Profile:** With More than 35000 square meters factory, 180+ Staff and 6s management System. 6 Years in India marketing experience. Serviced 30+ india Customers, Specializing In The Corrugated Box Making Machinery,Expert in High Speed,High Graphic,High Graphic Flexo Printer. With CE qualified machinery Standard level,we are doing researching and production only in flexo printer industry for more than 15years.

**Product Profile:** PL-FG HIGH SPEED FLEXO PRINTER INLINE PRODUCTION LINE. PL-GP HIGH GRAPHIC WHOLE VACUUM TRANSFER PRINTER. PL-Y5 HIGH SPEED FLEXO PRINTER SLOTTER DIE CUTTER.

**Address:** NO.69, GaoFu Rd 1, Jiangwan community Hechen Street Gaoming Area Foshan City Guangdong Province China

**Phone:** +86 0757-23608789

**Email:** info@pinlongmachinery.com | **Website:** www.pinlongmachinery.com

## Guangdong Taiyi Precision Machinery Co. Limited

**Booth No:** A50A

**Company Profile:** Guang Dong Tai Yi Precision Machinery Co., Ltd is a company specializing in producing high speed flexo printers and converting equipment, was established in 2005. Tai Yi Precision machinery always keeps "credibility and integrity; innovation and improvement; efficiency and service" in mind. And we insist on Quality, Brand, Elite and Devotion" enterprise culture. To present efficient, energy-efficient, environmental and excellent machines to the customers.

**Product Profile:** Our main products are: full automatic fixed structure printer slotter die-cutter with servo motor drive; full automatic printer slotter die-cutter in-line with folder gluer and converting equipment, designing and producing according to customer requirements.

**Address:** F1/46-2, A District South-West, San Shui Center Technology Industry Area, Foshan City-528100, Guangdong Province, China Foshan Guangdong 528100 China

## EXHIBITOR PROFILE

## Guangdong Wanlian Precision Science & Technology Co.,Limited

**Booth No:** B15D

**Company Profile:** Guangdong Wanlian Precision Science & Technology Co. Ltd. is a famous enterprise specializing in production of large-scale and comprehensive corrugation line integrating R & D, manufacturing, sales and service, and also engaged in manufacturing of professional mechanical equipment. The company has passed 9001: 2008 quality certification system and been evaluated national-level high-tech enterprise, and keep great influence in the industry. Independent R & D center that is advanced in the industry, performs research and development for equipment necessary of corrugation line for customer. Insisting on the management idea of "credible Wanlian, keep improving, honest cooperation and co-progress", the company expects to grow together with customers. Insist on the product line of high quality, high requirements and high standards. Produce more professional and advanced paper board mechanical equipment for "pre-procedure" of carton by focusing on the market by our professionalism and foresight.

**Product Profile:** The high-efficiency and energy-saving corrugation line (including single facer for quick flute changing, N.C helical cross-cutter, NC double-drive Helical Cross Cutter, N.C Slitter Scorer , flexible double facer, NC automatic stacker, etc.) has become the innovative high-quality brand of the company.

**Address:** No. 7 Huanzhen Road East, Beijiao Industrial Zone, Shunde, Foshan, Guangdong, China. P.C.:528311

**Phone:** +86-757-26603232

**Email:** wl-export@wljx.com | **Website:** www.wljx.com

## Guangdong XHL Corrugated Machinery Co.,Limited

**Booth No:** E42A

**Company Profile:** XHL is a corrugated production line equipment manufacturer with strong technical, cooperating with the world's advanced design concepts and independent research and development design. XHL mainly produces equipment includes Hydraulic Cassette Single Facer, Hydraulic Mill Roll Stand, Double faced Pre-heater, Gluing Machine, Double Backer and other corrugating equipment. Our company produces equipment around the concept of "high-speed, high-efficient, energy-saving", which provide customers with high-quality products and quality services. In addition, XHL also mainly focus on upgrading and transformation of corrugated cardboard line for domestic and foreign customers. Therefore, we are not only provide product services, but also provide technical services.

**Product Profile:** We mainly produces Hydraulic Cassette Single Facer, Hydraulic Mill Roll Stand, Double faced Pre-heater, Gluing Machine, Double Backer. In additional, we also sales 1600mm, 1800mm, 2200mm, 2500mm and 2800mm (2PLY 3PLY 5PLY 7PLY) corrugated board production line. Our machines can help customer to save around 30% electricity and 20% glue during operation. Our single facer can provide you the perfect uv shape of flute and handle low gsm paper even though low quality paper. And our glue machine can solve your synchro problem during sheet production, which provide you the strong board performance and saving a lot of glue.

**Address:** Taocun 18Qiu Industrial Zone Beijiao Town Shunde Dis Foshan City Guangdong Province China Foshan 5628312 China

**Phone:** +86 13711116604

## EXHIBITOR PROFILE

## Guangdong Zhaoqing Xijiang(West River) Packaging Machinery Co., Limited

**Booth No:** B10

**Company Profile:** Guangdong Zhaoqing West River Packaging Machinery Co. Ltd. was found in 1954. Its the earliest corrugated machinery manufacturing company. In 1978, the first semi-auto corrugator was born in our company. From then on, we opened the automated production of corrugated packaging machinery prelude. Besides we had been cooperated with Germany BHS for several 2500mm high speed corrugated cardboard Production Line in Asia.

**Product Profile:** Automatic 2Ply corrugated cardboard production line, Automatic 3/5/7Ply corrugated cardboard production line, Environmental protection corrugator, S flute Corrugator, Water-proof corrugator.

**Address:** Dalutian 01,Zhaoqing City,Guangdong,China(Beside the Zhaoqing business school) Zhaoqing Guangdong 526040 China

**Phone:** +86-13602975056

**Email:** westriver2010@hotmail.com | **Website:** www.xijiangjixie.com/en/

## Guangzhou Keshenglong Carton Packing Machine Co., Limited

**Booth No:** B10

**Company Profile:** Guangzhou Keshenglong Carton Packing Machine Co., Ltd., is one of the leading manufactures in China, specialized in manufacturing of carton printing and packaging machinery. Registered fund at RMB80 million, fixed asset at RMB185 million. Dedicated in this field for more than 20 years, Keshenglong has established one comprehensive chain. In August 2017, acquired the FFG pioneer Shinko Machine Mfg.Co., Ltd.(Japan) successfully. The R& D manufacture base keeps in Osaka, Japan. Meanwhile, another production base was set up in Guangzhou, China. We keep providing you with the best products at favorable price, and best after-sale service.

**Product Profile:** 1. Full computerized high-speed flexo top printing slotting die-cutting stacking machine 2. Full computerized high-speed flexo bottom printing slotting die-cutting stacking machine 3. Full computerized high-speed flexo top printing slotting die-cutting folder gluer inline machine 4. Full computerized high-speed flexo bottom printing slotting die-cutting folder gluer inline machine 5. Shinko super a FFG (Fixed structure Flexo Folder Gluer inline machine )

**Address:** No.77 Xieshi Road, Zhongcun Town Panyu District Guangzhou Guangdong 511495 China

## EXHIBITOR PROFILE

## GuangZhou Mingyang Packaging Apparatus Co.

**Booth No:** A17

**Company Profile:** GuangZhou MingYang Packaging Printing Apparatus Co., LTD. was built in 1998. The company specializes in supplying apparatus and auxiliary materials to Film Make-up Department of paper factory in good quality and reasonable prices. so as to make our customers develop their concerned work to standardization and systemization. many of Our products have led the domestic advanced level, of which, Ming Hong Printing Film Makeup Table and Ming Hong Cushion sheet have achieved advanced in the world. We are the agent of TRUPOINT PLASTIC DOCTOR BLADE and R/BAK CUSHION SHEET.

**Product Profile:** Plotter , Printing Film Makeup Table, Ming Hong Cushion Sheet, R/BAK Cushion Sheet, plastic doctor blade, Printing plate Hang-up Bar, printing plate shelf, Round die cutting board shelf Hang-up Bar with Hook, aluminum alloy hang up bar with double grooves, Base film, base film combine with plastic strip, Cleanser for Anilox Roller, Cleanser for Printing Plate, Magnifier, Steel / copper Wire Brush, all kinds of double side tape , Ink Proofer, Ink Viscosity Cup, International Pantone-color Card, Rubber Plate, Die-cutting anvil cover, feeder wheel, crush free wheel, pump, pump diaphragm, tungsten steel slitting blade, grinding wheel, paper moisture meter, infrared thermometer

**Address:** China

**Phone:** +86-2086183900

**Email:** gzmy.dellia@hotmail.com | **Website:** <http://www.gzmyppa.com.cn>

## Guangzhou Taisheng Carton Machinery Co., Limited

**Booth No:** A13B

**Company Profile:** Guangzhou Taisheng Carton Machinery co., LTD. is professional of corrugated board machinery research and development. Since the establishment of our company, we are adhering to "quality first, technology innovation" as our objective. Depending on the introduction of foreign advanced technology and rich manufacturing experience, we have produced a series of new generation cartons producing equipment with convenient operation.

**Product Profile:** We main product high-speed flexo printing slotting machine(die-cutting), chain feeding flexo printing slotting machine, flexo rotary printing machine, rotary slotting machine, thin knife slitter scorer machine and so on. Recently, full launch no crush servo motor lead edge automatic flexo printer slotter die-cutter machine(full vacuum transfer)

**Address:** NO. 20 Yayao Middle Road, Yayao Town, Huadu District, Guangzhou City, China

**Phone:** +86 2089690952

## EXHIBITOR PROFILE

## Gum Corru Mix. GumCorru Machines

**Booth No:** B22

**Company Profile:** GUMCORRU MACHINES, The Pioneer manufacturer of Gum & Adhesive processing machinery is having a wide and quality making experience Since 1988. We are providing complete Glue preparing solution and improving quality standards and satisfaction of our after services offered, we have been accepted as the reputed suppliers in corrugation Industries All over India & Abroad. Our Expertise is that our valued customers have accepted us as their own by repeatedly placing orders because of our expertise in technical know-how, accuracy, efficiency and workmanship. The duo relationships between us & costumers have been strengthening by our genuine after service.

**Product Profile:** 1). GUM CORRU MIX - Cold Gum Mixing Machine 2) Automatic circulating system for Single Facer manual corrugated board making plant, 3) GUM CORRU MIX - An Integrated fully Automatic Glue Kitchen & circulating system for 3ply & 5ply automatic corrugated board making plant, 4) Hot Gum (Cooking) Machine 5) Automatic Gum Powder Processing Plant to produce Pasting, Corrugation & Dextrin Gum Powder

**Address:** No. 2214, GIDC, V. U. Nagar Anand Anand Gujarat 388121 India

**Phone:** +91-2692-236357

**Email:** npmegum@yahoo.co.in | **Website:** www.npmachinery.in

## Hebei Dinghao Machinery Co.,Limited

**Booth No:** D2

**Company Profile:** Hebei Dinghao Machinery Co., Ltd was founded in 2009, experienced in technical research and safe production of kinds of corrugated machines and devoted to higher quality and better after-sales service for further marketing in different countries. Right now our corrugated machines have been exported to India, Pakistan, Egypt, Russia, Kazakhstan, Saudi Arabia, UAE, Chile, Peru, Iran, Australia and other different countries. Just in India we have more than 40 corrugated lines at the present. We promise to provide all customers high quality machines and good service at economic prices.

**Product Profile:** We provide corrugated production lines (2/3/5/7 layers, width 800-2500mm, design speed: 80-250m/min) which is composed of mill roll stand, single facer, single-roller pre-heater, overbridge, multi-roller pre-heater, pasting machine, double facer, cutting machine, slitting machine and stacking machine according to what you need, and separate related machines as above as you need. We provide industrial board production lines in different layers, different width and different speed for your choice. We also provide the other products as below: gluer, printer, laminator, die-cutting machine, slotting machine, die-cutting machine in different sizes and speed for your choice.

**Address:** 500M East along the Road, North of the Traffic Police Brigade, Dongguang County, Cangzhou, Hebei, China  
Cangzhou Hebei China

**Phone:** +86-15822184338

**Email:** snow@dinghao2000.com | **Website:** www.cardboardmachinery.com

## EXHIBITOR PROFILE

## Hebei Jingke Carton Machinery Co. Limited

**Booth No:** B7B

**Company Profile:** Our company is vocational enterprise of produce and sale cardboard box equipment sets. We have about 100 sets of modern machinery equipment, more than 30 professional and technical person guarantee for customer to produce the reasonable designed and first class quality equipment. What's more, we are going on continuing to reduce cost make our product has more competitive strength on the market.

**Product Profile:** This machine aimed at solving the existing carton printing machinery poor automation, low stability, poor reliability, unsightly appearance, short life and other problems. It adopts high speed direct printing method, which integrates printing, drying, varnish, slotting, die-cutting, gluing box, folding and carton forming. It can complete the production process from corrugated board to finished packaging carton at one time. It equipped with automatic feeding unit, automatic computer control, digital display, using precision servo motor and electronic modules to adjust and monitor the entire production process.

**Address:** Xiazhuang Village South Of Dongguang County Dongguang Hebei China

**Phone:** +86-317-7662899

**Email:** dgcartonmachine@163.com | **Website:** www.corrugated-machine.com

## EXHIBITOR PROFILE

## Hebei Lincheng Packaging Machinery Manufacturing Co., Limited

**Booth No:** B25

**Company Profile:** Remarkable Corrugated Machinery Manufacturing Brand Since being founded in 1999, HebeiLincheng has made great technical breakthroughs and significantly improved its manufacturing capabilities. Today, it is a hi-tech enterprise that integrates R&D, manufacturing, sales and service. The company provides production lines of corrugated boards that offer stable performance. Lincheng's equipment is also exported to over 80 countries and regions worldwide, with high brand recognition within the international market.

**Product Profile:** 1.The material is high quality CrMo alloy steel or quality roller coated with tungsten. 2.Flute is UV shape which is widely used in the world, low paper shrinkage,high quality and strong paperboard. 3.Adopt imported precision machine tools,advanced molding grinding and electroplating,flute precision apply to national standard. 4.The surface of corrugated roller flute teeth are middle-frequency quenched,hardness reach HRC60,upper corrugated roller is drum shape,with long life.

**Address:** 104 National Road Dongguang County,Hebei Province,China

**Phone:** +86-317-7809808

**Email:** esha@lupack.net | **Website:** www.linchengpack.com

## Hebei Shengli Carton Equipment Manufacturing Co. Limited

**Booth No:** A20B

**Company Profile:** Hebei Shengli Carton Equipment Manufacturing Company founded in 1985, it has been more than 30 years since then. our company covers around 86000 square meter. Our company owns three manufacturing factory and advanced processing equipment. Our machine already sell to India, Korea, Australia, Pakistan, Iran, Ethiopia, Nigeria, Russia and so on. Company already pass ISO9001:2015 international quality management system attestation and CE attestation. We here sincerely welcome friends all over the world coming and giving us guidance.

**Product Profile:** High Speed Corrugated Cardboard Production Line High Speed Single Layer Corrugated Cardboard Production Line High Speed Flexo Ink Corrugated Cardboard Printing Slotting Die Cutting Gluing Bundling In Line Machine High Speed Flexo Ink Corrugated Cardboard Printing Slotting Die Cutting Stacker Machine Manual/Semi Automatic/Automatic Carton Box Stitching Machine

**Address:** Dongguang County Hebei Province China

## Hebei Zhiyuan Machinery Co.,Limited

**Booth No:** A23B

**Company Profile:** Hebei Zhiyuan Machinery Co.,LTD is the professional manufacturer of industrial composite board production line and paper roll to sheeters machine .Our company has advanced production line equipment and processing capacity .We holds on "quality first ,customer first, zero distance service" principle. Zhiyuan will adhere to the dream of Zhiyuan people, seize development opportunities and win a bright future together.

**Product Profile:** Hebei Zhiyuan Machinery Co.,LTD is the professional manufacturer of industrial composite board production line(rigid board production line ) and high speed sheet cutter machine .We supply 4ply ,5ply ,6ply ,1400mm ,1600mm,1800mm rigid board production line with electrical heating or steam heating .For paper roll to sheet machine ,we have high speed sheet cutter machine and precision double spiral knife sheet cutter machine .

**Address:** Dongguang County East development Zone ,Cangzhou city ,Hebei ,China

**Phone:** +86-317-7755333

**Email:** zhiyuanmachinery@126.com | **Website:** zhiyuanmachinery.en.alibaba.com

## EXHIBITOR PROFILE

## Hengting Machinery

**Booth No:** A4

**Company Profile:** Hengting Machinery always concentrates on offering the good quality machines and best solutions to those who are working in the corrugated and packaging industry all over the world. Furthermore, it has also set up many services centers all over the world together with the local authorized agents and business partners for the quick response. Besides being a machineries' supplier, Hengting Machinery also helps the users to do the research of the new investment, increase the production capacity, improve the working efficiency and reduce the daily cost, etc.

**Product Profile:** Flexo Printer, Slotter, Die Cutter And Auto Stacker Automatic Corrugated Plant Auto/Semi-Auto Stitcher Auto/Semi-Auto Folder Gluer Single Facer Nc Cutoff Thin Blade Slitter Scorer Auto/Semi-Auto Flute Laminator

## EXHIBITOR PROFILE

## Hontech Industrial Co., Limited

**Booth No:** B27C

**Company Profile:** Hontech Industrial Co., Ltd. was established in 1984. Its sister company, Union Exporters Corp. has been handling export/import business of part and equipment for Corrugating and Converting machinery as early as in 1974. And Suzhou Union Import/Export Co., Ltd. was built in December 2008 located in Suzhou manufacturing our following products:

**Product Profile:** Best Suited Temperature/Wrap Angle Automatic PLC Control System Steam Bonder AirPress Double Facer Heat Transfer System AquaFlow Steam/Recovery System Auto Flute Changing Equipment High Temperature Condensate Recovery Equipment Temperature Control System Moisture Sprayer Auto Angle Wrapping Control System Auto Glue Gap Control System Belt Guider Paper Tension Roll More foreign products we represent: Nippon Tokken Corrugator Belt, Bridge Take-up Belt – Japan USA NyeCorr Lubricants – USA Moisture Meter – Germany Thermometer, Tachometer...etc. – Taiwan

**Address:** 6F-6 No. 262, Sec 2, Ho-nan Rd. Taichung city 40744 Taiwan

**Phone:** +886-424529549

**Email:** ueht@tcts.seed.net.tw | **Website:** [https://www.youtube.com/channel/UCF9Mla6An2n\\_VkUH0hL7tGA](https://www.youtube.com/channel/UCF9Mla6An2n_VkUH0hL7tGA)

## Hotron Heaters

**Booth No:** C19

**Company Profile:** Pioneers in Corrugation Industry Heating, Manufacturers of Hi Speed Quality Heaters for Corrugation machines. When it comes to efficiency in heating, leading corrugated box manufacturers have come to rely on Hotron, Endowed with a rich technological expertise backed by 45 years of experience in the field, Hotron have developed a range of electrical heaters with exceptional features, specially suited for corrugation machines.

**Product Profile:** Electrical Tubular Heaters, ranging from 7 KW to 18 KW with a minimum guarantee of 1 year Infra Red (I.R.) Heaters Zonal Heating Systems Power Saving Heater Control Panel with a minimum guarantee of 1 year Drying Systems for fast and economical drying of corrugated sheets

**Address:** D/122, Bonanza Indl Estate, Ashoknagar, Kandivali(E) Mumbai Maharashtra 400101 India

**Phone:** +91-8419934786

**Email:** hotronheaters@gmail.com | **Website:** [www.hotron.net](http://www.hotron.net)

## EXHIBITOR PROFILE

## Hsieh Hsu Machinery

**Booth No:** B20B

**Company Profile:** Hsieh Hsu Machinery has invested the latest technology, professional knowledge and computer production control to manufacture and research the whole plant corrugated board production line since 1980 in Taiwan. In order to maximize the quality and efficiency of the manufacturing, we have built the concerning enterprises to have the overall blueprint and following the 35 years, we have offered over 800 whole plant production lines to the world especially, we are the top sales in Asia. We have production speed of 350 M/min for the paper width under 2800 mm with high quality and high output.

**Product Profile:** Complete corrugator lines from 1800mm to 3500mm deckel; speeds from 200 to 350 metres per minute. Individual equipment such as Single Facers, slitter scorers, NC Cut off, downstacker etc. Replacement and retrofitting of energy saving devices. Retrofitting of automatic production control. Retrofitting of shoes on the double facer instead of weight rolls. Spare parts and after sales service.

**Address:** 141 Lu Chu St, Lu Chu Village, Lu Chu Hsiang, Taoyuan Hsien, Taiwan. India office; R 252 Greater Kailash, Part I, New Delhi 110048, India

**Phone:** +886-3-3221314/5; +91 11 2462800; +91 8800350183.

**Email:** sales@hsiehhsu.com.net.tw | **Website:** www.hsiehhsu.com.tw

## Indian Chemical Industries

**Booth No:** E6

**Company Profile:** Indian Chemical Industries is the leading manufacturer of pigment and pigment preparation. These preparation are suitable for a wide range of end use applications like liquid ink for Paper, BOPP tapes, Soaps & Detergents, Paints, decorative coating, Rayon's Rubbers, PU Foam coloring & Textile printing etc. the company has wide distribution network for efficient & effective delivery, adherence to quantity management practice & total customer satisfaction are the company's prime objective.

**Product Profile:** Hydroflex & Hydrogloss is a water base ink designed for paper & board. these inks are acrylic / styrene emulsions blend in high performance organic pigments to yield finished ink. Octamine for BOPP tapes for coloration.

**Address:** S-61, Municipal Industrial Estate, Opp. SBI Bank Sant Gadagebaba Road, Bapunagar, Ahmedabad, Gujarat 380024 India

**Phone:** +91-79-26584418, 26587210, 26583274, 7600076713

**Email:** ici@icidyes.com | **Website:** www.icidyes.com

## EXHIBITOR PROFILE

## Infinity Solutions

**Booth No:** D13

**Company Profile:** Infinity Solutions is a leading solutions provider in complete corrugated packaging greenfield projects or capacity additions in existing corrugated factories. With a TEAM of 20+ years of combined industry experience with global leaders in corrugation, Infinity solutions is founded on the core principles of Professionalism & Transparency. It also boasts strongly on Technical & Process Know-How of the subject. Choosing the right solutions provider is very crucial for the investment in a complete corrugated packaging project. Adding automation to this highly labour-intensive industry is a progressive trend in this booming Indian economy.

**Product Profile:** For a future proof & economically viable investment solution, our 7 industry leading partners are BW Papersystems-Marquip (Corrugator), Shanghai Dinglong (Flexo Printing Machine), Chuen Huah Chemicals (Automatic Glue Kitchen from CHC-Taiwan), XT Pack (Automatic Waste Baler), Guangchuan Automation (Automatic Conveyors), Corrugating Rolls (Haili-powered by BHS), Cheong Ryong (Folder Gluer from Korea). Our core competencies include, but are not limited to: 1. Identify the investor's current and future business evolution opportunities 2. Evaluate the financial viability of the project/machines & Extend the right equipment choice & machine configuration support 3. Recommend the right size of land and type of factory layout

**Address:** Aishwaryam Ventures, Nr Khandoba Temple, Akurdi, Pune Maharashtra India

**Phone:** +91-9021186677

**Email:** info@infinity-solutions.co | **Website:** www.infinity-solutions.co

## Insun Co. Ltd. (AHS Packaging)

**Booth No:** C37

**Company Profile:** InSun manufacturer of automatic folder gluer & stitcher, have been devoting to technical innovations and quality improvement of our machine.

**Product Profile:** Full Automatic Folder Gluer & Stitcher, Semi-Automatic Stitcher And Automated Box Bundling Machine.

**Address:** 64, Hwanggeum 2-Ro, Yangchon-Eup, Gimpo-City, Gyeonggi-Do, Korea

**Phone:** +91-9884950600

**Email:** abidhshrf@gmail.com | **Website:** www.insunco.com

## EXHIBITOR PROFILE

## J.S. Corrugating Machinery Co. Limited

**Booth No:** B05

**Company Profile:** J.S. Machine is an international leading corrugating machinery manufacturers in the world, presently covers an area of over 700,000 square meters of production facility. Over 3000 complete corrugator units have installed with more than 300 installed overseas. J.S. Machine has built up 27 sales companies, 18 offices, and 38 service stations all over the world, including subsidiaries in Istanbul, Moscow, New Delhi, Ho Chi Minh city and other regions.

**Product Profile:** 1. JETS 300 Corrugator, design speed: 300m/min, features with high efficient production, high board quality, intelligent control and energy-saving. 2. JSFolder 900/1200 Flexo Folder Gluer, design speed: 350 sheets/min, fast setup within 2 minutes, excellent folding precision up to  $\pm 1.5\text{mm}$ , high graphics printing on this machine is also available now.

**Address:** No.22,Jiangxing Road, Jiangnan Economic Development Zone, Wuhan, PR. China

**Phone:** +86 2783529959

**Email:** mike.sun@jspackmach.com | **Website:** <http://www.jspackmach.com>

## Jee Feng Precision Cutter(Maanshan) Co.,Limited

**Booth No:** A15

**Company Profile:** Jee Feng Precision Cutter (Maanshan) Co.,Ltd is specializing in tungsten carbide manufactures. Through an excellent reputation for professional tungsten carbide manufacturer and the newest innovation of dual-powder in blade material development. We provide customers a full range of slitting solutions in terms of product research, development and sales within marketing integrated achievement.

**Product Profile:** Jee Feng Precision Cutter (Maanshan) Co.,Ltd is specializing in tungsten carbide manufactures. We specialize in researching and developing of tungsten carbide productions throughout the industrial blades of paper, corrugated cardboard, packaging, food, metal, electronics and other special materials; including the applications of re-reeling machines, kraft paper machines, copper foil cutting machines, slitting blades of lithium battery, slitting blades of tape and a variety of tungsten carbide slitters. Our blades are a well-known brand in both foreign and domestic markets, and sold in order to meet the demand of global market.

**Address:** Jiubo Venture Park,Bowang Town,Bowang District,Maanshan City.Anhui 243131,China Maanshan city 243131 China

**Phone:** +86 15551767367

**Email:** sales@jeefeng-jm.com | **Website:** [www.jeefeng-jm.com](http://www.jeefeng-jm.com)

## EXHIBITOR PROFILE

## Jiangsu Chenguang Precision Technology Co.,Limited

**Booth No:** A30A

**Company Profile:** Jiangsu Chenguang Precision Technology Co., Ltd. has been the supplier of intelligent cartons for more than 10 years. We are intend to provide customers with the most practical carton manufacturing service. Dongchen as the registered trademark of Chenguang has won international high-tech enterprise due to our continuous pursuit of technological innovation. We have our own engineering R&D center, which help us to obtain properties and some high-tech products. Today, you can find Chenguang among carton machinery manufacturing companies at every corner of the world. Our partners are from over 90 countries around the world.

**Product Profile:** Our main products include Vacuum Transfer Top Printing Slotting Die-Cutting Machine, High-Speed Printing Slotting Die-Cutting Machine, Chain Feeder Printing Slotter Machine and full-automatic Open&Close Type Vacuum Transfer Top Flexo Folder Gluer etc.The parts and electrical components use well-known brands to ensure the high quality and stability of the whole machine.The machine is controlled by an intelligent computer, the touch screen data setting device can store common orders without manual adjustment and can read data directly.The paper batting section is equipped with a continuous batting device to make the carton more tidy and the dovetail can be effectively trim.

**Address:** No. 18 Xinhai Avenue, Xuyi Development Zone, Jiangsu, China.

**Phone:** +86-15949155500

**Email:** cdy@jscgzx.cn | **Website:** www.js-chenguang.com

## Jingfeng Carton Machinery Manufacturing Co.,Limited

**Booth No:** D12B

**Company Profile:** Jingfeng Carton Machinery Manufacturing Co., Ltd. is a professional manufacturer engaged in the carton machinery industry, is a considerable scale of production of carton machinery printing machinery professional enterprises. The company is a modern enterprise with first-class management level, which integrates production, scientific research and sales. Our company has advanced production technology, and has on-site supervision and guidance from senior engineers in China, specializing in the research and development of various multi-purpose, automated carton machinery, producing a series of high-efficiency carton machinery in line with customer needs, which has won wide acceptance.

**Product Profile:** The company is committed to the production of ink printers, semi-automatic slotting machines, intelligent slotting machines, semi-automatic and full-automatic circular die-cutting machines and die-cutting &creasing machines, corrugated cardboard production lines at high and low speeds, and various carton machinery and equipment. Our company also do the second hand carton machine business,we have used machine warehouse in north of China and South of China.

**Address:** XiaoXing Industrial, Dongguang County, Cangzhou City, Hebei Province, China

**Phone:** 0086-317-7815000

**Email:** hbjfx168@163.com | **Website:** www.dgxjingfeng.com

## EXHIBITOR PROFILE

## Jiufeng (International) Industry Limited

**Booth No:** B6B

**Company Profile:** Jiufeng Carton&Machinery CO.,Ltd was founded in 2004. With research, development, production, sales, service, high-tech management system. It is professional in complete set of carton machinery enterprise. Our products are as follows: High Graphite 6+1,7+1. Fully computer printer + drying unit +UV coated +die cutting, Automatic High-Speed Printer & Slotter Cutter, Semi-Automatic Rotary Slotting Cutter, Longway Printing, Semi-Automatic Carton Binding Machine, Slotter&Corner Cutter, Paper Separating&Line Pressing Machine and Carton Stapler etc. Honesty and Faithfulness is our enterprise eternal theme while mutual benefits becomes the basis of our cooperation and development.

**Product Profile:** MACHINE NAME:D-Star Vacuum Transfer Top Printing Machine Auto High Speed Printer Folder Gluer Inline 1. Unit removable,It is easy to operate 2. Multi - slotting shaping design better for carton-forming

**Address:** Rooms 05-15, 13A/F., South Tower, World Finance Centre, Harbour City, 17 Canton Road, Tsim Sha Tsui, HONG KONG China

**Phone:** +86-13580825632

**Email:** sales@gddgjf.com | **Website:** www.gddgjf.cn

## Join Pack Machines Private Limited

**Booth No:** E41

**Company Profile:** Join Pack Machines Pvt. Ltd. (JPM) has been in the field of strapping machines since last 30 years. Over this time-period, it has developed a very reliable servicing support infrastructure all over India. JPM offers a complete package of machine, maintenance material. it commit: to deliver install a world-class equipment; to provide complete training to your manpower in operating such equipment; to provide timely & honest servicing back-up; to provide cost-effective & trouble-less strapping rolls. JPM also offers a wide range of machines for carton taping, shrink stretch wrapping.

**Product Profile:** JPM shall be displaying: special strapping machines / squaring machines for packing of corrugated bundles: A-88 (Servo-Drive) 25 bundles / minute (Single Strap), A-85 (A.C. Drive) 17 bundles / minute (Single Strap), 3 different models of squaring machines, automatic fully-automatic models for MONOCARTONS Bundling (5mm / 8mm Strap), automatic strapping machines for semi-auto corrugated plants, semiauto strapping machines for lesser production (5mm/8mm Strap), pallet stretch wrapping machines.

**Address:** 19/21, Shakti Nagar, Delhi-110007, India.

**Phone:** +91-98102 63044 / 011-23845309 / 23847892 / 23842007

**Email:** sanjeev@joinpackmachines.com | **Website:** www.joinpackmachines.com

## EXHIBITOR PROFILE

## JSR Instruments

**Booth No:** E39

**Company Profile:** JSR Instruments is a strong & dynamic team of engineers and technicians mainly work for testing properties of pulp, paper, tissue board corrugation rubber, textile education & health care industries.

**Product Profile:** Manufacturer of Pulp, Paper & corrugation lab testing equipment's like bursting strength tester, tenile strength, gsm tester, cobb tester, peel strength tester, ball tack , shear tester, box compression tester & Box drying machine and all other testing equipment's which we can used in our lab.

**Address:** 711/87, Mathura Vihar Roorkee-247667, Distt-Haridwar, Uttarakhand

**Phone:** +91-9897276867 / 9897276866

**Email:** Jsrintia2013@gmail.com | **Website:** www.jsrinstruments.com

## Kalka Engineering Works

**Booth No:** C35

**Company Profile:** A Leading Manufacturer and Exporter of Industrial Heaters, Since 1981

**Product Profile:** Manufacturer And Exporter Of Straight Tubular Corrugation Heater, High Speed Corrugation Tubular Heater , Zonal Heating System And Temperature Controller Panel

**Address:** G-41 , Sector - 2 , Bawana Industrial Area, New Delhi, India

**Phone:** +91-9311142683

**Email:** indianindustrialheaters@gmail.com | **Website:** WWW.KALKAHEATER.COM

## EXHIBITOR PROFILE

## Kangaro Industries Limited

**Booth No:** C1

**Company Profile:** MILES - A KGOC Brand whose portfolio largely comprises of professional range of stitch wire (Commercial, Rust Resistant & Stainless Steel Grade), Staplers/Tackers, Pneumatic tackers, Air Compressors, Tape Tools, Staples, Industrial Staples and Staple Removers etc. comes to you exacting standards in quality, design and ergonomics.

**Product Profile:** Miles Stitching wires are tailored to meet the exact requirement of the customers not only in terms of cost and availability but with the assurance of consistent quality. High corrosion resistant due to superior galvanized coating. Uniform mechanical properties across length ensuring optimal performance of stitching head. Avoids premature wear out of machine and reduces energy and maintenance cost. Coil/Spools are packed in cardboard boxes for greater storage protection.

**Address:** Village Kanech Sanehwal -141120 Punjab Ludhiana Punjab 141010 India

**Phone:** +91-161-2679000

**Email:** amit.dadwal@kgocglobal.com | **Website:** www.kangarokanin.com

## Kinetic Rolls Private Limited

**Booth No:** C5

**Company Profile:** We are into manufacturing of rollers for corrugated packaging industry.

**Product Profile:** Rubber rollers for board printer, thin blade rotary, lead edge, sheet pasting, sheet cutting, offset printing machines.

**Address:** F-85, SiteB, Surajpur Industrial Area, Greater Noida Greater Noida 201306 India

**Phone:** +91-9310045860

**Email:** kineticrolls@yahoo.com | **Website:** www.kineticrolls.com

## EXHIBITOR PROFILE

## KIVI Markings

**Booth No:** C22

**Company Profile:** We are one of the leading importer of Analog type Photo polymer plate Flexo printing. We can offer 1.7, 2.84, 3.9 and 4.7 thickness i various Durometer. We also offer plate processing machine and equipment, Our principal is situated in China having extra large prosecution capacity, our price are most competitive in international market. We also offer Liquid Photo polymer resin and Base film fro making water washable photopolymer printing plate. Plate from Liquid Photo polymer having great advantage of pricing. Liquid plate are very environment friendly as its water washable.

**Product Profile:** We are one of the leading importer of Analog type Photo polymer plate Flexo printing. We can offer 1.7, 2.84, 3.9 and 4.7 thickness i various Durometer . We also offer plate processing machine and equipment, Our principal is situated in China . having extra large prosecution capacity, our price are most competitive in international market . We also offer Liquid Photo polymer resin and Base film fro making water washable photopolymer printing plate. Plate from Liquid Photo polymer having great advantage of pricing . ## Li Shengq Machinery Co. Limited

**Booth No:** C26A

**Company Profile:** LI SHENQ MACHINERY CO., LTD . is a professional manufacturer of Automatic Flat Bed Die Cutter & Automatic Die Cutter for corrugated, solid board and printed boxes in Taiwan. Since established, we have more than two decades of technological experiences. Based on the concept of promoting our manufacturing, LI SHENQ is dedicated to p ursuit of the highest level of quality and offers the best service to customers.

**Product Profile:** High quality and high productivity are our persistent principles. Reasonable price, easy maintenance and easy know how are the most important characteristics we keep in minds as designing and manufacturing our machines. When you place your trust with us by choosing LI SHENQ as your partner, you will benefit from our technical and practical know how which encompasses all aspects of the producing business

**Address:** No 23, Gongye 10th Rd., Dali Dist., Taichung City, Taiwan

**Phone:** 886-4-24915955

**Email:** sales03@lishenq.eu | **Website:** https://www.lishenq-machinery.tw/

## EXHIBITOR PROFILE

## Linux Machines Incorporation

**Booth No:** D25

**Company Profile:** AN ISO 9001: 2015 Company Established Two Decades Ago. Manufacturing Testing Equipments For Paper, Paper Board, Corrugated Board / Boxes & Other Packaging Materials Like Plastics, Tube/ Cores/ Cones & Foils.

**Product Profile:** Box Compression Tester, Crush Tester ,Bursting Strength Tester, Tensile Tester, Universal Testing Machine, Melt Flow Index Tester , Dart Impact Tester, Coefficient Of Friction Tester, Drop Tester, Incline Impact Tester, Internal Ply Bond Tester, Puncture Resistance Tester, Ink Rub Tester, Stiffness Tester, Tear Tester, Vibration Tester, Crease & Board Stiffness Tester, Folding Endurance, Torque Tester.

**Address:** Plot No. 3, Ahad Industrial Complex, Bholenath Nagar, P. O. Dawla, Mumbai Thane Maharashtra 400612 India

**Phone:** +91-9372483174 /09

**Email:** machines.linear@gmail.com | **Website:** <http://www.testingequipments.com/>

## Macro Bond

**Booth No:** E17

**Company Profile:** Leading Global manufacturers of Starch & Dextrin based adhesives & additives for the Corrugated & Paper related products. Our niche lies in the fact that we offer products based on the type of Machine/Paper/ Weather Conditions etc.

**Product Profile:** For Automatic Corrugators, - Anti- Cracking Addition - Quick Drying Additive - Without Caustic Additive - High Bonding Additive For Semi-Automatic Corrugators, - Super 30 Gum Powder - Flute Laminator Gum Powder - E/F/Narrow Flute Gum Powder - Quick Drying Additive - Anti-Cracking additive

**Address:** No. 36/65, Assesment No. 39, Katha No.81, Andrahalli,Yeshwanthpura Hobli, Bangalore North - Bengaluru Karnataka 560091 India

**Phone:** 91 9663845713

**Email:** marqsolution@gmail.com | **Website:** [www.macrobondindia.com](http://www.macrobondindia.com)

## EXHIBITOR PROFILE

## Mark Engineering Services

**Booth No:** C17

**Company Profile:** • Established in year 2003, Mark Engineering Services is active in Audit & Consultancy of HEATING SYSTEM (Boiler, etc) • Till now we have contributed for Fuel & Power saving of Rs. 4 Cr./year. • Our Vision is to save Rs. 10 Cr./year, by year 2025. • We are not in the business of product sales or contracts. • Team of Engineers are in the field to achieve above targets. • 248 Different assignments completed • 116 Different Clients • 44 Different Clients, have given repeat business @37% • Successfully completed STEAM SYSTEM CONSULTANCY of #11 nos. 5-Ply corrugate machine.

**Product Profile:** • Thermal Audit: To study operational heating system (Boiler, Thermo-pack, etc.) & provide report for (a) Energy conservation (b) Modification/ Alternation/Up-gradation in installed system (c) overcoming bottlenecks. We have carried out #52 assignments till now. • Consultancy Services (from CONCEPT TO M/C. COMMISSIONING): (a) To select correct size & specifications of Boiler & heating system (b) To design Proper Boiler house layout (c) To design Balance of plant for heating system (d) To design optimum piping & condensate recovery system. We have carried out #23 Boiler projects- #11 no. Corrugated M/c. • Engineering Solutions: Plant Automation, Trouble shooting.

**Address:** B/1/94, Madhuvrund Society Near Ranna Park, Ghatlodiya Ahmedabad Gujarat 380061 India

**Phone:** +91-9327476029

**Email:** markand@markengineeringservices.com | **Website:** www.markengineeringservices.com

## MaxDura International Co., Limited

**Booth No:** D8A

**Company Profile:** MaxDura International Co., Ltd. is the professional manufacturer of PU spare parts for corrugating carton industry, and having production site in Taiwan, and more than 40 agents worldwide. MaxDura's India agent, MOUNT KAILASH PRINTPACK MACHINES, has warehouses in both Chennai, and Nashik in order cover the whole India market to deliver the excellent service for India customers, besides that, MOUNT KAILASH PRINTPACK MACHINES, also keeps a team comprising mechanical and electrical engineers to maintain your machines, and keep your machines in top state.

**Product Profile:** Rotary Die Cutting Anvil Cover: Maxdura keeps more than 1,000 sizes and is manufactured with unique formula to produce the anvil cover having optimized combination of elastics, hardness in order to perform die cutting job perfectly, and keeps the longest life time of the anvil cover. Lead Edge Feeder Wheel: MaxDura Keeps the full range of Sun Automation feeder wheels. Our lead edge feeder wheel is durable to run the feeding job in excellent state and even outperform Sun Automation's wheel. No Crush Wheel: Special formula made no crush wheel to endure the heat during board production.

**Address:** No.1, Lane 483, Xin Shu Rd., Xinzhuang Dist. 242, New Taipei City, Taiwan

**Phone:** +886 (0)2 82017289#37

**Email:** richard@maxdura.com | **Website:** http://www.maxdura.com/

## EXHIBITOR PROFILE

## McSparr Test Systems & Chemicals Private Limited

**Booth No:** C24

**Company Profile:** McSparr is an international standard product manufacturer in packing testing machines. We are the team professionals who understand what customer needs and try to fulfill those requirements in an appropriate span of time with competent price. We have never compromised on the quality and the service provided to the customers, in order to keep our customers always happy. We have a team of engineers area wise for providing fast service at all over India. Now we have been an established and very popular company with an excellent track record for having the best customer satisfaction.

**Product Profile:** Box Compression Strength Tester, Universal Testing Machine With Variable Speed, Crush Tester, Bursting Strength Tester, Cone-Core Compression Strength Tester, Short span compression tester, Double fold endurance tester, Moisture meter, Puncture Resistance Tester, Substance Indicator (GSM Tester), Caliper Thickness Gauge, Tear Resistance Tester, Tensile Strength Tester, Vibration Tester, Drop Tester, Cobb Tester, RCT Cutter, ECT Cutter

**Address:** B-304, Suresh Park, Pokhran Road No.1, Jeke Gram Post, Opp.Devdaya Nagar, Behind Unnathi Gardens, Thane(W) Maharashtra 400005 India

**Phone:** +91-9594949367

**Email:** info@mcsparr.com | **Website:** www.mcsparr.com

## Ming Wei Paperware Machinery Co., Limited

**Booth No:** D3

**Company Profile:** Ming Wei Paperware Machinery Co. Ltd, has sold products to customers in more than 90 countries within 30 years. Our products are Corrugated cardboard making equipment, Flexo printing machines, In-Line printing slotter die cutter machine and others conveyor and auxiliary machines. We are specialized in designing and manufacturing Turnkey plan on customers' demands. In order to fully satisfy customers' needs.

**Product Profile:** Ming Wei integrated 12 foreign leading companies in the field, such as Sodeme France, Control-ing Spain...etc, into a corporation named "Max Group" for upgrading our R&D capacity and providing closer service to our customers all around the world. We want to create an image to our customers that "Max Group is the total solution for your problems."

**Address:** No. 1 Qingquan RD. Shalu District Taichung City Taiwan R.O.C Taichung City Shalu District 400059 Taiwan

**Phone:** +886-4-26153117

**Email:** keyulkothari@jiyaprintpack.com,qdmw999@hotmail.com | **Website:** http://www.mingwei.com.tw

## EXHIBITOR PROFILE

## Monu Graphics

**Booth No:** B8A

**Company Profile:** Established in the year 1995, Monu Graphics has etched a resounding name for itself as a manufacturer, wholesaler and exporter of Corrugated box making plant & Machineries and much more. These products are known for their efficiency, reliability, sturdy construction, precision engineering and easy operation. We manufacture our range strictly in compliance with the specifications put forth by the customers. The products are known for offering the benefits of immaculate quality, long service life and full-fledged efficiency to the customers.

**Product Profile:** Corrugated Box Making Plant & Machineries

**Address:** Plot No.18, Sector 58, Faridabad Haryana India

**Phone:** +91-9311284076, 9311684076, 9811284076, 9311584076

**Email:** monugraphics2004@gmail.com | **Website:** www.monugraphics.net

## Mühlen Sohn GmbH & Co. KG

**Booth No:** B20C

**Company Profile:** The oldest (established 1880) and the largest manufacturer and exporter of corrugator belt in the world. Manufactures various types of belts including belts for super high speed corrugators running at speeds in excess of 420 metres per minute. Also manufactures drum lagging - used of the drive drum - to give non slip, anti static, grip to the belt. Makes also automatic belt guides, and also belt cleaning agent. Their products are used by about 2,000 corrugators world wide, and by discerning customers in India. Represent in India Jhalani Kamleh Overseas who provide pre and after sales service.

**Product Profile:** Corrugator belt AQUAPULL S for use while running near full deckle board most of the time. Corrugator belt AQUAPULL AE - belts with aramid edges of 200mm, 400mm and 600mm widths recommended when a substantial portion of the boards are less than optimum deckle. AQUA RUN AND AQUA RUN AE for high speed heavy corrugated boards and double wall boards. AQUAPULL S AND AQUAPULL ANTI STATIC which prevents static charging. MAX PULL S and MAX PULL ANTI STATIC for bottom belt application for heavy boards or smooth surfaces like coated boards. Drum Lagging, Automatic Belt Guide and belt cleaning agent.

**Address:** Lindenstrasse 16/1, 89134 Blaustein, Germany

**Phone:** +49 7304 801-0

**Email:** kamlehjhalani@gmail.com | **Website:** www.muehlen-sohn.de

## EXHIBITOR PROFILE

## Multiwall Printing Solutions Private Limited

**Booth No:** C21

**Company Profile:** Multiwall is a company involved in the production of high-quality sheet and liquid photopolymer printing plates for the corrugated industry. The plates are made in a state of the art automatic process involving IN-LINE processing and beveled edge cut plates thereby ensuring high-quality print results. Multiwall is also introducing imported waterbased inks for the corrugated, paper bag, paper cup, and notebook market.

**Product Profile:** Sheet and Liquid Photopolymer printing plates, water-based inks.

**Address:** 515, Mannish Chamber, Sonawala Road, Goregaon East, Mumbai Mumbai Maharashtra 400063 India

**Phone:** +91-8669725391

**Email:** karan@multiwall.co.in | **Website:** www.kivimarkings.com

## Nagpal Exim (Nagpal Group Comp.)

**Booth No:** B28A

**Company Profile:** We are the one of the leading Manufacturers & Exporters of Corrugated Board & Box Making Machinery, having supplied the equipment's to thousands of our existing clients across India & International Markets. We being for more than Four decades down the line in the market, the Nagpal Group is still have maintained the best quality standards towards the manufacturing of the Machinery. An overgrowing need for sophisticated packaging, the company has launched after extensive research and experimentation, an all new, hi-tech line that included Finger-less Corrugating Machine, Shaft-less Mill Roll Stand, Rotary Die Cutter, Folder Gluer.

**Product Profile:** Single Facer Fingerless, Rotary Slotter Creaser, Rotary Die Cutting

**Address:** Plot No 115, DLF Indl. Area Phase -1, Faridabad

**Phone:** +91-9810256789

**Email:** sumit@nagpalgroup.com | **Website:** www.nagpalgroup.com

## EXHIBITOR PROFILE

## Nantong Jiabao Machinery Co.,Limited

**Booth No:** A26

**Company Profile:** Nantong Jiabao Machinery Co., Ltd. is a professional manufacturer of environmental protection equipment and packaging equipment. The company owns modern standard workshops and advanced production equipment, and is a comprehensive enterprise integrating product design, manufacturing, sales and service. It successively passes I S O 9 1 - 2 0 0 1 5 quality management system certification, won the European CE safety certification, TUV certification, and several national patents. At the same time, the company also won the "high-tech enterprise", "high-tech product identification" certificate, and become Nantong Jiabao intelligent compression processing equipment engineering technology research center.

**Product Profile:** The company's series products are intelligent trash can, semi-automatic, fully automatic compression balers, a variety of industrial waste discharge systems, automatic compression and wrapper system, integrated crushing compression equipments and all kinds of customized products. Whole products has been widely used in printing, packaging, corrugated boxes, rubber, agricultural and forestry products, fiber products, garbage disposal, textiles, food, beverages, pharmaceuticals, chemicals, electronics, metals, flexible film trimming and recycling industry.

**Address:** 9th, No. 6, Lane 299, West Jiangchang Road, Zhabei Shanghai China

## Natraj Corrugating Machinery Co.

**Booth No:** B2

**Company Profile:** India's leading manufacturer and exporters for Automatic Corrugated Board Making Machinery

**Product Profile:** Automatic 3/5/7 ply Corrugated board production line , 2/3/4/5/6 Colour Lead edge Flexo printer slotter die cutting , Automatic folder gluer stitcher with inline bundling , Automatic flute laminator , Automatic flat bed die cutting machine , 2 piece joint gluer and all spares and ancillary equipments

**Address:** Plot No 65, Sector 6, Faridabad, Haryana

**Phone:** +91 9810201503

**Email:** ceo@natrajmachinery.co | **Website:** www.natrajmachinery.co

## EXHIBITOR PROFILE

## Natraj Industries

**Booth No:** B1

**Company Profile:** Natraj Industries was established in 1978 with an enthusiasm to become the market leader in the business of corrugated packaging industry not only in India however also in International markets. Natraj today is very popular in the business of corrugated box making machinery through excellence and novelty. "NATRAJ" manufactures the most comprehensive range of machines from Single Facer to High Speed 3 Ply, 5 Ply & 7 Ply Automatic Paper Corrugated Board Making Plant with the speed of 200m/min. We have also been exporting our plant and machines to West Indies, Sri Lanka, Bangladesh, Africa, Nigeria, Ethiopia, Malaysia, C.I.S., Nepal, Russia, U.A.E, Mexico, Papua New Guinea and many other countries.

**Product Profile:** 1. High Speed 3 Ply, 5 Ply & 7 Ply Automatic Paper Corrugated Board Making Plant 2. Fingerless Single Face Paper Corrugating Machine 3. Oblique Type Single Face Paper Corrugating Machine 4. Vertical Type Single Face Paper Corrugating Machine 5. Board Cutting Machine 6. Reel Stand Manual Loading 7. Reel Stand Hydraulic Self Loading 8. Rotary Sheet Cutting Machine (Automatic Model) 9. Sheet Pasting Machine (3/4 Rollers) 10. Sheet Pressing Machine 11. 4-Bar Rotary Cutting & Creasing Machine 12. Eccentric Slotter 13. Automatic Partition Slotter 14. Thin Blade Rotary Cutting & Creasing Machine 15. Combined Rotary Slotter Slitter Cum Creaser Machine (RSC)

**Address:** Plot No. 65, Sector-6, Faridabad- 121006 Faridabad Haryana 121006 India

**Phone:** +91 98110 44404, 0129-2241403, 2241404

## Natraj Machinery Private Limited

**Booth No:** A11

**Company Profile:** We are leading manufacturers, exporters & suppliers of corrugated paper plants, box making machines, which are offered under the brand name 'Natraj'. Holding expertise in delivering a wide range of corrugating machinery established at Faridabad, Haryana in the year 1987. Today, our capability to deliver consistent performance-oriented machinery equipment has helped us to emerge as prominent suppliers in our industry sector. Further, our process expertise in manufacturing machines as per the specific work process needs and their competitive market prices has also helped us to create our own niche in the market.

**Product Profile:** Our well-developed infrastructure facilities and services of experienced industry professionals handling the involved operations assist us in successfully meeting the manufacturing requirements as per the specifications given by the clients. The use of high grades of materials especially in casting & alloy steel for flute rolls the durability & service life of machinery. Our range contains the following features: Optimum operation speed Less wear and tear Comparatively lower power consumption Superior end results in the involved operations Our Range includes Finger & Fingerless type corrugation machine, 4 rollers pasting machine, cutting machines, 4 bar rotary & eccentric slotter machines.

**Address:** Plot No.66, Sector 27C, Faridabad, Haryana India

**Phone:** +91-9810201503

**Email:** info@natrajmachinery.com | **Website:** natrajmachinery.com

## EXHIBITOR PROFILE

## NBG Printographic Machinery Co. Limited

**Booth No:** B3A

**Company Profile:** NBG is a manufacturer and exporter of Roll-fed offset and Flexo printing machines since 1990, with complete in-house manufacturing including precision CNC machining and coordinate measuring machines. We are also working in tandem with leading manufacturers from China for sales and service of converting machines for making corrugated boxes, Paper bag, folding cartons and rigid boxes, including Flat Bed Die Punching Machines, Folder Gluers and Flute Laminators. NBG has diversified its operations to sales and service of packaging equipment to cater the needs of corrugation industry in India.

**Product Profile:** Automatic Die Machine with Stripping and without Stripping.

**Address:** 30-31, Ground Floor, World Trade Centre, Babar Road, Connaught Place, India.

**Phone:** +91-9717598012, 9910347736

## Nitta Corporation India Private Limited

**Booth No:** C31

**Company Profile:** Nitta Corporation India PVT.LTD established in January 2012. Presently we are handling Flat Belt (Transmission, Conveyor) for Textile, Carton Box, Printing, Packaging, ATM, Sanitary, Light engineering industry etc. In addition we also handle Hydraulic Hose (Thermoplastic) for Construction equipment, Machine tools, Material Handling Industries etc. and Pneumatic & Automotive products. We are located in Pune, Maharashtra.

**Product Profile:** Nitta offers complete range of Rough top XH series (e.g. XH-500-3, XH-500-4, etc) Flat belts for folder gluer machines, vacuum belts, super endless (SE) feeder belts and conveyor belts for corrugated box and paper mono-carton folding and pasting machines for pasting, die cut and other packaging applications. Nitta belts have better joining strength, better grip and abrasion resistance of folder gluer belts. Moreover, we make natural rubber in house which gives better friction cover for feeder belts and longer belt life and better performances.

**Address:** Gat No : 191, 192, and 193 Plot No B, Village Vadhu Khurd, Taluka Haveli, Dist Pune - 412216, Pune Maharashtra 412216 India

## EXHIBITOR PROFILE

## NMC Engineers

**Booth No:** F24

**Company Profile:** NMC Engineers is a trusted printing and sheeting machineries Importer, Trader, Exporter, Supplier & Manufacturer, with a proven track record in the industry. Since inception in 2000, the company has been meeting varied needs of worldwide customers through its high quality product line that includes different types of Packaging Machinery, such as, Thin Edge Rotary Creasing And Slitting Machine, Semi-Autogluer, Corrugated Paperboard Flexo Printing And Slotting, Thin Blade Rotary Slotter Machine, Semi-auto Stapler Box Machine, Computerised Flexographic Printer-Rotary Die Cutter Machine, Automatic Folder Gluer Machine, Rotary Die Cutting Machine, etc.

**Product Profile:** Fully automatic 5 and 3 layer corrugated board making lines, High speed printer slotter die-cutter machines, Automatic stitching cum gluing machines, high speed laminator and die cutting machines.

**Address:** 14, 1st Floor, East Avenue Market, Punjabi Bagh, New Delhi - 110026, India

**Phone:** +91-11-45037496

**Email:** info1@nmcengineers.com | **Website:** www.nmcengineersindia.com

## Nnoweta Performance Chemicals Private Limited

**Booth No:** C8

**Company Profile:** Nnoweta is the fastest growing company located at Nagpur city with leading supplier and manufacturer of chemicals for Paper, Food, Textiles and Construction. We are always committed towards better chemistries. The commitment is for sure in a transparent environment to solve problems better. We always believe to perform in safer atmosphere. Our inventive solutions provide top quality, increase in productivity and lowers the cost of production. It enhances machine proficiency. It constantly empowers paper performance.

**Product Profile:** SPECIALTY CHEMICALS FOR PULP & PAPER MANUFACTURING INDUSTRIES PERFORMANCE CHEMICALS FOR CONSTRUCTION, FIBER-CEMENT BOARD. WASTE WATER / EFFLUENT TREATMENT PROGRAM INCLUDING COLOR AND ODOUR REMOVAL. SPECIALTY ADDITIVES AND ENZYMES FOR FOOD / BEVERAGES, FERMENTATION INDUSTRIES. Pulp Mill Wash-aid Cooking Aid Pulp Mill Scale Control Program Pulp Mill Pitch Control Program Bleach(H<sub>2</sub>O<sub>2</sub>) Stabilizer Stickies Control Program. Microbiological Control Program Dryer Fabric Cleaning Program. Wire Passivation & Cleaning Program. Felt Passivation & Cleaning Program. Scale Control & Scale Cleaning Program. ## Om Sree Papertek (P) Ltd

**Booth No:** D29

**Company Profile:** Om Sree Papertek (P) Ltd., is a 250 TPD high RCT kraft paper manufacturing plant situated in Hyderabad. We have started our commercial production in the year 2018 and since then have successfully delivered more than 65,000 tons of Kraft paper to all the major corrugators in INDIA. Ours is a multi-layer Kraft Paper unit with all the latest machinery to challenge the market standards and set new benchmarks in the industry.

**Product Profile:** We produce recycled High RCT Kraft Paper to run in High-speed automatic corrugation machines.

**Address:** 5-8-44/A, Mani Enclave, Yaprak-500087 Hyderabad, India

**Phone:** +91-9133558880

**Email:** marketing@omsreepapertek.com | **Website:** www.omsreepapertek.com

## EXHIBITOR PROFILE

## P K Packing Solution

**Booth No:** D24

**Company Profile:** WE ARE ONE OF THE MOST REPUTED MANUFACTURE OF STARCH BASED ADHESIVES FOR CORRUGATED CARTON INDUSTRY LAST 15YEARS , HAVING BRANCHES ACROSS THE NORTH INDIA , HAVING MOST LATEST TECNOLOGY INVOLVED IN MANUFACTURING OF OUR PRODUCTS , Best Products On Economical Prices With CONSISTANCY . Production capabilities include Acid Hydrolysis , Dextrinization ,Cross linking of Various Type Of Starches . Production Capacity Under Single ROOF 400TON PER Month . OUR R & D Team work for new products developments Besides that customer care department is entrusted with soliciting queries from the clients to offer excellent after sales service.

**Product Profile:** Autoplant Gum Powder (Alkaline) Comes In Ratio Of 1:4 Semi Automatic Corrugation Pasting Dual Gum Powder Ratio 1:4 To 1:10 Pasting Gum Powder Netural Ratio 1:3 Food Grade Adhesives Highly Demand By Customers . Corrugation Gum Powder Ratio 1:4 To 1:6 Netural Ph Yellow Dextrin / White Dextrin / British Gum Used In Multiple Industries For Strenght And Binders Dex Gum Powder Ratio 1:1 To 1:3 Used For Paper Core / Tube , Edge Protector, Angle Board. All Our Products Provides Faster Drying, Moisture Resistance, High CS and BS, ECT, PAT & BCT Consistent Viscosity

**Address:** 39,40,51,52 Road No 1, Parsakhhera Industrial Area Bareilly Uttar Pradesh 243001 India

**Phone:** +91-8279457527 / 9837250495

**Email:** pkpsbly@gmail.com | **Website:** www.pkpacsolution.com

## Paliha Machinery Company Private Limited

**Booth No:** D12D

**Company Profile:** PALIHA MACHINERY COMPANY PVT LTD is importer, exporter, manufacturer & supplier of MULTILAYER PLANTS, AUTOMATIC/SEMI AUTOMATIC CORRUGATED BOARD & BOX MAKING MACHINES having works at Faridabad & China. We have the facility of Flute roller manufacturing & flute regrinding on all imported corrugated flute rollers. Today more than 15 automatic plants are to their credit & are working satisfactorily. When there is a need at your end think of PALIHA a name reckon with Corrugating Industry. SPARES & SERVICE FACILITIES AVAILABLE.

**Product Profile:** We supply spares for above all types of imported corrugated boards & box making machineries, and deals in repairing, reconditioning & after sale services. We also have the facility of Flute roller manufacturing & flute regrinding on all imported corrugated flute rollers with TUNGSTEN / HARDCORME plating. We are also into manufacturing of premium quality Rotary & Flat wooden die by fully automatic laser cutting machine.

**Address:** Plot No.-9, Jeewan Nagar, Opp. Sector-55, Faridabad- 121004. (HR) India

**Phone:** +91-9999919647

## EXHIBITOR PROFILE

## Paswara Papers Limited

**Booth No:** D12A

**Company Profile:** Paswara Paper is India's Leading Manufacturer of MultiLayer Kraft Paper and Paper Board, used for making packaging boxes, cartons, paper bags, etc, since 1980 to cater the Specialty Paper Market in India and abroad. At Present, the Paswara Group produces over 175,000 Metric tons of Kraft Paper/Test Liner/Fluting Medium Paper annually, making us one of the biggest multi-layer kraft paper mills in India.'

**Product Profile:** We offer Paper Board, Kraft Paper, Paper Tube, Raw Paper Material, Paper Tubes and Paper Cones from India.

**Address:** Paswara Border NH-58, Delhi Road Mohiuddinpur, Meerut, Uttar Pradesh 250205, India

**Phone:** +91-9837638635

**Email:** aksheev@paswara.com | **Website:** <https://www.paswara.com/>

## Plasma Spray Processors

**Booth No:** C11

**Company Profile:** Plasma Spray Processors was established in 1984 as the first exclusive commercial job shop in India to provide Tungsten carbide and ceramic coating services. We provide coatings on components like corrugation rollers used in manufacturing of boxes and re-winder rollers used in paper mills. Our coatings are also used by other industries like Steel, Textiles, Aviation etc. to help in providing wear protection to components subject to high abrasion and corrosion. Besides providing coatings on new components , old parts can also be re-coated multiple times by applying tungsten carbide and other ceramics coating at our shop.

**Product Profile:** We provide Tungsten carbide and ceramics coatings services on metallic process parts old or new. Our services mainly consist of repair and refurbishment for industrial components across different sectors.

**Address:** B16/18, 2nd Floor, Vatsa House, Janmablooma Marg, Fort, Mumbai Maharashtra 400007 India

**Phone:** +91-8850763524

**Email:** dhaval@plasma-spray.co.in | **Website:** [www.plasma-spray.co.in](http://www.plasma-spray.co.in)

## EXHIBITOR PROFILE

## Plus Energy Machinery Corporation

**Booth No:** C14

**Company Profile:** PLUS ENERGY is specialized manufactures of flexo-printing equipment and Corrugated carton Total solution for plant equipment, improving the technology for the case-making equipment, integrated safe issues, heavy-duty mechanism, systematical production management and the latest technology into a whole solution.

**Product Profile:** FLEXO PRINTER MACHINE Semi-Automatic Gluer Automatic Rotary Slotters & Scorers Automatic Rotary Die Cutter Machine

**Address:** No.535, Sec 1, Nan Bei Rd., Wan Dan Village Ping Tung Hsien 91344, Taiwan.

**Phone:** +886 8 7777208

**Email:** info@plus-energy.com.tw | **Website:** <https://www.plus-energy.com.tw/>

## Print-Pack-Tech International

**Booth No:** E14

**Company Profile:** We represent various renowned internationals companies who have several years of rich experience, pioneer in their respective field of manufacturing new and innovative product lines & equipment and having customers in different countries around the world for Printing, Packaging, Corrugation, Converting, Plastics, Food Processing, Pharma, FMCG sectors. Our focus is to provide world-class machines and superior technology to our customers according to their individual choice and varied needs, to add value to their production system for achieving Higher Productivity, Quality, Reliability, Customer Satisfaction & Profit.

**Product Profile:** Automatic New Machines : Flexo Folder Gluer, Printer-Slotter-Die cutter, Lead Edge Feeder, Rigid Box Making, Digital Cutting, Rotogravure, Flexo, Slitter-Rewinder, Lamination, Coating, Label Printing, Thermoforming Lines. Also reconditioned machines from world-class brands/suppliers.

**Address:** 248, M.L.G. Road, Kolkata, West Bengal, India

**Phone:** +91-9331296688

## Qingdao Bandda Industrial Supplies Co., Limited

**Booth No:** C20

**Company Profile:** Qingdao Bandda Industrial Supplies Co., Ltd was founded in 1999. The company is committed to improving domestic packaging and printing technology, work closely with international renowned partners to supply the advanced technology and high-quality materials. We provide solutions and excellent technology service for the customers with advanced production equipment, high production efficiency and quality products. We have professional sales engineers and technical service ability. Our company has lots of end users and reputation in Chinese packaging industry through our hard work.

**Product Profile:** CUE company manufactured urethane production since 1957. It was the first urethane anvil cover in the United States for corrugated industry in 1962. CUE has been the standard in corrugated industry after many years of development. Now, as one of the biggest manufactures of urethane products for corrugated industry, CUE supplies the highest quality and best urethane anvil covers to more than 50 companies from all over the world. CUE cover has helped lots of carton companies to achieve their purpose of producing with high quality and efficiency.

## EXHIBITOR PROFILE

## Qingdao Meijia Corrugated Roller Co., Limited

**Booth No:** A44

**Company Profile:** Qingdao Meijia is specialized in corrugated roller design, manufacture and refurbish. Meijia has become one of the few Chinese production-oriented enterprise owning the full processing capacity of corrugated roller, which is the largest professional corrugated roller manufacturer in northern China. With advanced production equipment, mature and stable processing technology and a group of professional efficient workers, we ensure every design and production can realize the best benefit for customers and create new competitive advantage. Products are mainly exported to Taiwan, Korea, Russia, Thailand, India, Egypt, Myanmar, Iran, etc. We have got clients recognition and trust, won a good reputation and credibility.

**Product Profile:** Our main products include tungsten carbide corrugated rollers, hard chrome plated corrugated rollers, pressure roll, glue roll and doctor roll. A, C, B, E, F, G, N flute rolls. Tungsten carbide corrugated roller: 1. Rugged, abrasion resistant, economical, high performance 2. American Praxair JP8000 HVOF tungsten carbide plating equipment 3. Praxair 1342 super-hard tungsten carbide powder 4. Service life time more than 40 million linear meters Hard chrome corrugated roll: 1. Use special 48CrMo alloy steel refined forging 2. Adopt advanced heat treatment technology, quenching hardness more than HRC58 3. Precision machine to do multi-layer process 4. Thickness 0.06-0.08mm, lifetime more than 8 million meters

**Address:** No.11, Zhongxingda Road, Gongjiazhuang Industrial Park, Puji Town, Jiaozhou, Qingdao Qingdao Shandong China

## Rishabh Impex Packaging Solutions

**Booth No:** E7A

**Company Profile:** We make laser cut rotary dies and use European raw materials to give consistent quality, accuracy and higher productivity.

**Product Profile:** Rotary Die manufacturing

**Address:** 502, Kailash Palace, Upasharay Lane, Ghatkopar East, Mumbai Mumbai Maharashtra 400077 India

**Phone:** +91-8879063323

**Email:** jinesh@rishabhimpex.in | **Website:** www.rishabhimpex.in

## EXHIBITOR PROFILE

## Robus India

**Booth No:** F4

**Company Profile:** ROBUS INDIA become the trusted entity for manufacturing a quality approved assortment, DEDICATED SERVICE ENGINEERS ARE AVAILABLE FOR ALL ABOVE MACHINERIES. All above machines are proven and deemed fit as per customers need for your Packaging's Plant with Assets friendly pricing which leads to give minimum load on your Balance Sheet. Our continuously upgrade infrastructure commenced the concept of overcome the market challenges. WE ARE INTRODUCING A VERY INNOVATIVE TECHNOLOGY FOR HOT FOIL STAMPING AT A VERY COST EFFECTIVE INVESTMENT.

**Product Profile:** 1. Automatic Die Cutting Machine @ Speed of 9000sqm/per hour. 2. Advanced Folder Gluer (Crash lock cartons @ speed of 400mtr/per hour). 3. Automatic Flute Laminator - 3ply / 5ply. 4. Automatic Hot Foil Stamping Machine. 5. Automatic Film Lamination. 6. Board to Board Pasting.

**Address:** Plot No 8, Udyog Kendra-2, Ecotech-3 Uttar Pradesh, Greater Noida, 201308 India

**Phone:** +91 9871041888

**Email:** prem@robustindia.com | **Website:** www.robustindia.com

## Samadhan (A Unit of RITC Pvt. Ltd.)

**Booth No:** C26

**Company Profile:** Samadhan, a consulting company with over 25 years of experience in India with customers spanning the India, Gulf and Africa offers a complete portfolio of packaging and paper solutions built on Microsoft Dynamics NAV ERP. This includes: 1. Corrugated Samadhan 2. Folding Carton Samadhan 3. Gravure Samadhan 4. Paper Bag Samadhan 5. Kraft paper Samadhan All solutions have detailed presales costing, reel handling, quality management, clamp-man report, integrated purchase planning, optimization engine for production planning, double stacker ready (corrugation), possibility of machine integration, gang printing (for folding cartons), detailed dispatch module to optimize on transportation costs and palletizing/bundling operation covered.

**Product Profile:** Kraft Paper Samadhan is the newest addition on our product portfolio, with specific features for deckle optimization, paper recovery (final paper made from every ton of waste paper), recipe creation for a range of BF for the pulp, reel wise quality assurance, agent commission management, mobile application for dealer order management. The industry solutions are ready to use. Our customers like them for three reasons. Deep industry specific features built in, fully integrated with finance and the fact that it is based on world class ERP platform, Microsoft Dynamics Nav. Solution can be accessed by mobile and tablets too.

**Address:** 903 Mahabir Tower Main Road Ranchi Jharkhand 834001 India

**Phone:** +91-651-2331882

**Email:** danish@samadhanindia.com | **Website:** www.samadhanindia.com

## EXHIBITOR PROFILE

## Sanjeevani Adhesives

**Booth No:** A42

**Company Profile:** Sanjeevani Adhesives is a manufacturer engaged in manufacturing of Adhesive Powder for past 30 years. We sell our products across India. We are one of the most reputed and prominent manufacturers in this field. We manufacture the adhesives by fully automated machinery because of which our products are precise and are suitable for any climatic conditions. Our products are packed only after being tested by experienced technical team in our laboratory. The testing done ensures that quality provided to each customer maintains all desired aspects like viscosity, solid content, curing, PH levels, warping, sedimentation, cracking, corner delamination.

**Product Profile:** Gum Powder for Manual and/or Semi Automatic Corrugation Plants: (Base: Blends of Maize and Tapioca Starch) • Corrugation / Pasting Gum Powder (Cold Water Soluble) • Neutral Corrugation / Pasting Gum Powder – Without Caustic (Hot/Cold Water Soluble) Gum Powder for Fully Automatic Corrugation Plants: (Base: Maize Starch) • Corrugation Gum Powder (Cold Water Soluble) Gum Powder for Paper Tube/Core/Cone/Edge Protector/Angle Board Yellow Dextrin for Foundry, Textile and Fireworks Modified Starch for Paper Mills

**Address:** Plot No. 42, Maa Umiya Kapsi, Nagpur, Maharashtra India

**Phone:** +91-9579009221

**Email:** randerankit@gmail.com,sanjeevanigumudyog@gmail.com | **Website:** <http://sanjeevaniadhesives.com/>

## Saurashtra Systopack Private Limited

**Booth No:** D16

**Company Profile:** Saurashtra Group is a leading supplier quality solutions and testing equipment for paper & paper board packaging. "Driven by Quality, Driving Quality" is the center piece of our ideology. We commit our efforts to a very simple approach of Analyse-Control-Improve in a constant loop. With this focus we have established ourselves in the area of testing equipment and received acclaimed a leading position with UBIQUE Testing Equipment. Our equipment and solutions are widely regarded as an industry standard in the area of physical testing, mechanical testing, strength testing, performance testing, packaging development, die making, machine tools and process improvement.

**Product Profile:** Working in close quarters with customers, always eager to help implement, control and achieve a consistent quality of their output by way of sharing our experiences & solutions. To serve them we have ventured into areas of technology & solutions which are the core of the manufacturing process influencing the quality of the output. Our partnership with LaserComb GmbH - Germany, ServiForm srl - Italy, BoxPlan GmbH - Germany, Dicar Inc. - USA and Montalvo - USA. Together with our partners we offer a wide gamut of solutions for quality control, packaging development, die making, machine tools and process improvement.

**Address:** 102-104 Shilpin Center, 40 G.D. Ambekar

**Phone:** +91-2267364343

**Email:** akshay@saurashtra.net | **Website:** [www.saurashtra.net](http://www.saurashtra.net)

## EXHIBITOR PROFILE

## Senior Paper Packaging Machinery Mfg Co.,

**Booth No:** D-19

**Company Profile:** Senior Paper Packaging Machinery Mfg. Co. is the home for all your packaging and printing solutions. We have an exquisite range of products to satisfy the different needs of our clients. The expertise of our engineers and employees has made us capable of creating products of quality that is appreciated even on the global level. This excellent quality is the reason that we are counted among the leading Paper Bag Making Machinery and Corrugated Box making Machinery Manufacturers and, we have the goal of always improving our products on every parameter.

**Product Profile:** Senior BOXMAC is the only manufacturer and exporter of complete range of Corrugated Box making Machinery- Double Profile Fingerless Corrugation, Programmatic Sheet Cutter, Die Cutting Presses, Flexo Printer, Paper Bag making Machinery, Thin Blade Slitter Scorer, Combined Creaser Slotter and Printer Slotter Machine.

**Address:** Manawala Khurd, Oppo. Best Price, G T Road, Amritsar Amritsar Punjab India

**Phone:** +91-9316099121

## Seven 11 Industries

**Booth No:** A35

**Company Profile:** With a successful track record that has always carried that distinct mark of “doing different things differently”, Seven-11 Industries today has evolved beyond just Ink Matching Solutions. What has remained consistent, is its flair for innovative and technology driven products and services. Seven-11 Industries operations are managed from its Corporate Office set in its self-owned and modern premises at Somnath, in the industrial zone in Daman. These premises also hold the Ink Kitchen, Manufacturing, Filling and Packing Units for Screen Inks, Offset Inks, Liquid Inks and Water Based Inks. Manufacturing plant at G.I.D.C Sarigam in South Gujarat.

**Product Profile:** Waterbase-Printing Inks. Inks for Non-Absorbent and Absorbent Substrates for Water Based Gravure & Flexo Processes for Reverse Lamination & Surface Printing. Ink expertise and commitment to customers expressed in many shades. Eco Friendly & Safe. Cost Effective & Low Maintenance To Use. Higher Pigment Loading Reduces Ink Usage. 30% - 35% Greater Ink Mileage Compared To Solvent Based Inks. Wide Variety Of Application. Non Toxic & Non-Flammable – Hazardous Free. Excellent Adhesion On Non-Absorbing Substrates Such As HDPE, LDPE, OPP & PET. Gives Low-to-None Residual Print Odour.

**Address:** Survey No-703/15 & 16, Plot No-A2/1, Daman Ind. Estate, opp Somnath Mandir, Near DIA, Somnath Road Village Dabhel Daman Daman & Diu 396210 India

**Phone:** 91-260-2242713

## EXHIBITOR PROFILE

## Shanghai Chaochang Techpack Machinery

**Booth No:** E1

**Company Profile:** Shanghai ChaoChang Techpack Machinery Co., Ltd., is a professional manufacturer for high-end flexo printer slotter die cutter, with two decades of industrial experience and a long list of satisfied customers in more than 20 countries. With our strong R&D team and advanced CNC machining equipment, ChaoChang endeavors to supply products with high reliability and longer life span. Combined with quality service and competitive price, ChaoChang ensures complete satisfaction of our customers worldwide.

**Product Profile:** Printer Slotter Die Cutter, with vibrator and auto stacker, inline and off line folder gluer

**Address:** No.158, Wanzhong Rd. Guangming Industrial Park, Fengxian Distt, Shanghai China

**Phone:** +86 21 57541846

**Email:** chaochangprinter@techpackmachinery.com | **Website:** www.chao-chang.com

## Shanghai Dasong Corrugation Roll Co. Limited

**Booth No:** B15C

**Company Profile:** Shanghai Dasong has 25 years of professional manufacturing experience of corrugated rolls and relies on the strong technical development capability, Dasong successfully innovated the Periphery Heating System which can reduce the energy loss, increase the quality of paperboard and realize the dream of prolonging the lifetime of corrugating rolls. We still provide TFP services which is Tailor-made Flute Profile service for customer, in order to meet customers require for low weight; we also created W flute to make up for the big market gap between B and E, not only improved ECT and FCT, but also reduced the logistics costs.

**Product Profile:** PHR-Periphery Heating Roll: Assembled in European and Amercian high-end corrugated lines HEATS-UP IN 5MINUTES AT FLUTE CHANGES No "banana" shape, no CONDENSATE Energy wastage is lowered by 10% Compensate temperature taken by cardboard and High Quality Compensate temperature taken by cardboard and steady speed Lifetime of corrugating rolls will increase by 25%

**Address:** No.178 Sibo Road, Sijing Town, Songjiang District, Shanghai 201601, China.

**Phone:** +86-21 67652990

**Email:** peter.ma@rmm-dasong.com | **Website:** www.rmm-dasong.com

## EXHIBITOR PROFILE

## Shanghai Jinchang Carton Machinery Manufacture Co.,Limited

**Booth No:** B28

**Company Profile:** Shanghai Jinchang Carton Machinery Co.,Ltd was founded in 2000, Jinchang is a professionally flexo printer ,slotted and die cutter manufacturer.It is around of professional R&Dnability and pays high attention to the CNC manufacturing processes and quality control system. Jinchang products are certified by CE security and Jinchang company has passed the certification of ISO 9001:2008 standard quality system. Jinchang is one of the Shanghai HIGH-TRCH enterprise,Shanghai Brand demonstration enterprise, Shanghai FIVE STAR enterprise. Jinchang is a qualified enterprise. Jinchang adopts the management innovation mode integrating sale and services. The well-organized after-sales service system guarantees the smoothness and timeliness of the services.

**Product Profile:** Touch-screen and electrical dual control system;Transmission gears adopts high quality alloy steel (20CrMnTi),with hardness HRC58-62 after Carburizing,quenching and grinding;Key free connection, maintain the overprint's precision of long-term printing ;With automatic zeroing and memory reset functions;Entire process with ceramic roller vacuum suction transport system;Transmission structure with double oil pump circulating lubrication. Production: (1)Full servo Vacuum suction Flexo Printing & Slotting & Die cutting Machine (2)Vacuum suction Flexo Printing & Slotting & Die cutting Machine (3)Automatic Flexo Printing & Slotting & Die cutting Machine (4)Flexo Printing & Slotting & Die Cutting & Gluer in line (FFG)

**Address:** 1877# East Pinghzuang, Pingan Town, Fengxian District Shanghai China

**Phone:** +86-13601844268

**Email:** eilin\_wang@aliyun.com | **Website:** [Http://www.carton-machinery.net](http://www.carton-machinery.net)

## Shanghai Jinyinze Packing Machinery Co., Limited

**Booth No:** B28

**Company Profile:** Shanghai Jingyinze Packing Machinery Co.,Ltd is consist by development, production , sales and service for corrugated board production line.The machinery with the CE and ISO certification and pressure vessel with PED and ASME certification. JYZ packing machinery to for customers to develop all kinds of corrugated board production line. In the long-term accumulated full experience in production and business operation, our corporate mandate is to find out the problem and to provide our professional solutions for customers, services to customers for life. Will be first-class quality, first-class reputation, first-class products, provide first-class service for the general customers.

**Product Profile:** JYZ packing machinery main products: The working width: 1800~2500mm The working speed: 150~250m/min A 2ply single faced corrugated cardboard production line B 3 layer corrugated cardboard production line C 5 layer corrugated cardboard production line D 7 layer corrugated cardboard production line

**Address:** No. 138 Xiaoweng Road, Nanqiao Town, Fengxian District, Shanghai Shanghai China

**Phone:** +86 2137837778

**Email:** jingyinze@163.com | **Website:** [www.jyzbz.com](http://www.jyzbz.com)

## EXHIBITOR PROFILE

## Shanghai Jiugang Carton Machine Co.,Limited

**Booth No:** A15A

**Company Profile:** Shanghai Jiugang as a major innovation pioneer of corrugated packaging machinery market, we have the ability to provide a full set of corrugated paper production equipment, provide customers from planning to put into operation. For heavy carton packaging machine (AAA?AA corrugated paper), Our company has more than 10 years' experience doing carton packing machine, printing machine and heavy paperboard packing machine. Our company is only the first factory produce heavy paperboard packing machine in China. We have many cooperation with Japan company such as OJ company. Our product is mainly exported to Asia, Europe's market every year.

**Product Profile:** AAA Heavy Packaging Machine Auto Printing Machine

**Address:** No.8 Lane 99 Huashan Rd. Jinshan Area Shanghai City China 201508

**Phone:** +86-18101818823

**Email:** FD-Pan@hotmail.com | **Website:** [www.corrface.com/ucenter/company.aspx?id=20120](http://www.corrface.com/ucenter/company.aspx?id=20120)

## Shanghai Loretta Machinery Manufacture Co. Limited

**Booth No:** A12

**Company Profile:** Shanghai Loretta Machinery Manufacture Co.,Ltd. is a Sino-foreign joint venture located in Shanghai, a beautiful economic center in China. It was established in 2006 and is mainly engaged in the production of post-press packaging equipment such as laminating machines, coating machines and die-cutting machines. After more than ten years of development, it has exported more than 500 sets of various equipments. The products are sold well both at home and abroad, and are exported to the Middle East, Southeast Asia, Europe, Africa and South America. The quality and service of the products are highly praised by customers.

**Product Profile:** The products produced and sold by the company are mainly print finishing and packaging equipment that is an integral part of the offset print industry.

**Address:** Room 1308 No.1398 Jinqiao Rd., Pudong Shanghai China 200136 Shanghai Shanghai 200136 China

**Phone:** +86-2150701998

## EXHIBITOR PROFILE

## SRS International / Cheng Feng Machinery

**Booth No:** B20A

**Company Profile:** JKO, the oldest agency house in India in the corrugated carton field, representing world renowned manufacturers, displays two manufacturers in this stall. Cheng Feng Machinery of Taiwan, has been making fluting rolls for corrugators for over four decades, and have proven track record of helping produce consistently high quality boards. Roll life of 200 million linear meters between re-fluting have been reported. The other manufacturer, SRS International is a pioneer in manufacture of single tank, high shear, glue kitchens, with about twenty five installations in India. Consistent viscosity of glue, within 2 seconds, have been proven.

**Product Profile:** 1. Tungsten carbide and chrome coated fluting rolls; Hardened and ground pressure rolls, ceramic anilox printing rolls, glue applicator rolls and doctor blades. Specially designed siphon with rotary joints to effectively remove condensate from fluting rolls are the products manufactured by Cheng Feng Machinery Co., New Taipei City, Taiwan ([www.cfmm.co.,tw](http://www.cfmm.co.,tw)). 2. Automatic, single tank, high shear glue kitchen which produces, repeatedly, batch to batch, consistent glue in a maximum batch size of 1500 litres in about 30 minutes. Different formulas can be made and stored in the computer, and recalled at the touch of a button. [www.srws.com.cn](http://www.srws.com.cn).

## EXHIBITOR PROFILE

## Vijaya Grafiks Inc

**Booth No:** E15

**Company Profile:** Established in year 2001, we "Vijaya Grafiks Inc", are a well-established manufacturer, supplier and exporter of folder gluers for straight line and crash lock bottom cartons. These easy to operate machines are highly efficient and are manufactured in tandem with the international quality standards. We launched a model VIJAYA VEENINE with a lot of changes with our existing machine. Today we improved our quality with high accurate CNC machined frame & above mentioned technology made a unique in the Indian manufactured machines. We installed more than 500 machines. In particular above 60 VEENINE as been installed till date.

**Product Profile:** The basis of VEENINE as been improved like the frame, metallurgy of shafts, bearing, folding belts, hardchromed alloy shafts, Timing belts driven, introducing new system like separate motor unit wise, & vibrating arm, Suction in feeding system, independent pre-folding unit with advanced gum flap pre-folding apparatus – vision camera can be mounted, the third crease folding with the belt which prevents scratches on the cartons, lock bottom unit with three bottom track & five top tracks which helps the carton remain under pressure of two tracks, The machine can achieve a maximum of 300mtr per minute with zero wastage.

**Address:** F-71, Mayapuri Industrial Area, Phase-II, New Delhi New Delhi 110064 India

## EXHIBITOR PROFILE

## West River Automation Equipment Co., Limited

**Booth No:** B27B

**Company Profile:** West River Automation Equipment Co., Ltd. was established in 2012, and specialises in the production and research of fully automated starch kitchens. Through our technology, we can effectively improve the recycled paper bonding issue. West River Automation Equipment Co., Ltd. is innovative and inventive, and we believe in providing the best service and products to our customers. We strive to improve and maintain the quality of both our product and services.

**Product Profile:** WR-1500EU is the latest generation of high-speed automated kitchens. It uses the latest starch production process. It provides the best capability and reduces 25% of production costs to the client. This system runs on Siemens modularised control system with the precision of a new formulation, user friendly control system. The operator can perform in the shortest time to improve production efficiency.

**Address:** No. 37, Lane 2, Gangshan North Road, Gangshan Dist., Kaohsiung City 820, Taiwan. Kaohsiung 82063 China

## EXHIBITOR PROFILE

## Yutian Dingyu Printing Machinery Manufacturing Co. Limited

**Booth No:** B20

**Company Profile:** Yutian Dingyu Printing Machinery Manufacturing Co., Ltd. After years of efforts and struggle, have developed into a after print and packing private enterprise which includes the research and development, manufacture, sales and service. Has already through the European CE certification. Got A number of patents in domestic packaging industry, Exquisite technical and advanced manufacturing technology, Guarantee the quality and stability of the products. Got the trust and recognition of the vast number of customer.

**Product Profile:** Automatic window patching machines, are special equipment for carton box, color box window lamination, they are the most advanced models in the domestic market, perfect personalization design philosophy, ensures that the machines have the feature of high efficiency, high-precision, high stability, and easy operation. These machines are available for both cardboard and corrugated cardboard, they adopt non-stop bottom feeder, with side lay registration, the single separation paper pile, through positioning by the push lay, flexible version module of glue print, stable and accurate diaphragm incision, and cross cutting cropped, to achieve tissue boxes, gift boxes, toy boxes, shirt boxes, milk cartons and other window film lamination.

**Address:** South Of North Perimeter Road, West Development Zone, Yutian County, Tangshan City, Hebei Province, China Tangshan Hebei China

## EXHIBITOR PROFILE

## Zhongke India

**Booth No:** B18

**Company Profile:** Zhongke India has emerged as a progressive supplier of new generation packaging machines in India. With established perfect sales network & integrated after sale service and support system, of our customers by continuously delivering high performance equipment, which offers excellent value to their respective business. Our product range includes comprehensive and complete range of packaging solutions. Automatic rigid box making machine, High speed dry lamination machine, Automatic die cutting and foiling machine, Flute Lamination machine, Corrugation machine, Paper carry bag machine, Collapsible box making machine, Multi utility case making machine, Box assembly machine and many more....

**Product Profile:** Zhongke India will be showcasing the Automatic High Speed Litho Laminator with flip flop unit. This litho laminator by Tokyo Wenhong Machinery Company adheres to advanced technology of Tokyo packaging in Japan. It combines high production with precision and stable quality. Computer automatically sets. Calculates and track the distance between two sheets making optimum use of machine space production speed of machine is 1000 sheets/hour Servo motors to ensure laminating accuracy within +1 mm Automatic Glue Control system to maintain the viscosity of glue to ensure quality. In case of no glue, machine automatically stops within 10 seconds.
