OCTOBER 2026

President's Message

Dear Esteemed Members, Industry Colleagues and Valued Partners,

It gives me immense pleasure, on behalf of the Governing Council of the Indian Corrugated Case Manufacturers Association (ICCMA), to invite you to the **ICCMA Congress 2026**, being held from **14th to 16th October 2026** at the **Bombay Exhibition Centre, Goregaon, Mumbai**.

This year, we bring together the industry under a theme that is both timely and deeply relevant to every corrugated box manufacturer:

"Unmask Your Cost, Unleash Your Price"

For our industry, profitability can no longer be driven simply by higher volumes or tighter cost control.

The 2026 Congress will therefore go beyond conventional discussions. It will challenge us to look deeper into our businesses, question established practices and identify where we are creating value — and where we may be leaving it behind.

Alongside the Congress, **India CORR EXPO 2026** will provide an extensive showcase of the latest machinery, technology, materials and solutions for the corrugated packaging industry — making this gathering a unique combination of **knowledge, innovation, business and networking**.

Taj Santacruz, Mumbai is once again the designated Hotel for delegates stay and the evening get togethers.

And, as always, ICCMA Congress is not only about business sessions. The evenings at Taj Santacruz will further provide opportunities to relax, reconnect with old friends, meet new ones and enjoy the camaraderie that makes the ICCMA fraternity special.

I strongly encourage every ICCMA member & stakeholder to make the effort to attend this year's Congress. **The challenges before our industry are evolving rapidly, and the businesses that understand their numbers, embrace change and create value will be the ones that shape the future.**

Let us come together in Mumbai to learn, question, connect and most importantly, to **unmask our costs and unleash the true potential of our businesses**.

Warm Regards,

RISHABH AGARWAL
President, ICCMA

ABOUT
ICCMA

14 · 15 · 16
OCTOBER 2026

Indian Corrugated Case Manufacturers Association – ICCMA was established in 2009 to bring together all progressive box makers in India, on a single platform, to discuss, interact and chalk out plans for the growth of the industry. It has been established to address the issues faced by the corrugated box units having automatic corrugating production lines. Its mission is to provide its members those services and facilities which would promote the optimal packaging solutions to the consumers.

ICCMA aspires to act as a catalyst for the growth of the corrugated packaging industry by interacting

closely with the Government of India and the other state governments for the formulation of policies, conducting various seminars and workshops, organizing buyer- seller meets, participating in national and international conferences, organizing exhibitions and engaging in continuous improvements through R&D.

The Pan India membership strength of ICCMA is currently over 200+ and market share of all these automatic units is approximately 40% of total production of corrugated packaging in the country, with the latest state of the art technology.

OCTOBER 2026

About the event

The 13th ICCMA Annual Congress 2026 is coming to Mumbai on 14th–16th October 2026, at the Bombay Exhibition Centre (NESCO).

Over the past two years, ICCMA Congress explored key forces shaping our industry through “Unboxing Corrugation 3.0” and “Achieving Profitability while Advancing Sustainable Goals,” bringing valuable perspectives on technology, operational transformation, sustainability and opportunities for the Indian corrugated packaging industry.

Today, global economic uncertainties, geopolitical developments, changing customer expectations, rising input costs and intense competition are reshaping businesses. At the same time, India's economic resilience, strong domestic growth, progressive policies and increasing global confidence present significant opportunities.

Against this backdrop, ICCMA Congress 2026 addresses a fundamental challenge: **growth alone is not enough. Sustainable growth requires understanding the true cost of creating value — and pricing that value appropriately.**

ICCMA CONGRESS 2026 PRESENTS

“UNMASK YOUR COSTS. UNLEASH YOUR PRICE.”

Know Your Costs. Create More Value. Command Right Prices.

Knowing your true cost is no longer merely a financial exercise — **it is a strategic advantage.**

Where are margins being lost? What costs remain hidden? Are we pricing our products — or the value we create? And how do we build the confidence to command the right price?

ICCMA Congress 2026 brings together **industry leaders, experts and thought leaders** to challenge conventional thinking and explore strategies for a **more profitable, resilient and future-ready industry.**

Running concurrently, **RX India's IndiaCorr EXPO 2026** will showcase the latest machinery, technology and innovations, creating a powerful combination of **knowledge, networking and business opportunities.**

Three Days. Two Powerful Platforms. One Industry.

14–16 October 2026 | Bombay Exhibition Centre, Mumbai

Come ready to question your costs.

Come ready to rethink your pricing.

Come ready to unleash your value.

We look forward to seeing you at ICCMA Congress 2026.
